* But Letters cannot be registered or sent unpaid.

ORDINARY RATES OF POSTAGE AND CONDITIONS OF TRANSMISSION.

(1.) *Inland Letters.**

1. The rates of postage when prepaid are as follows:—

For a letter not above 1 oz. †	-	1d.
“ above 1 oz. but not above 2 oz.	1½d.	
“ “ 2 oz.	4 oz.	2d.
“ “ 4 oz.	“	6 oz. 2½d.
“ “ 6 oz.	“	8 oz. 3d.
“ “ 8 oz.	“	10 oz. 3½d.
“ “ 10 oz.	“	12 oz. 4d.

A letter above the weight of twelve ounces is liable to a postage of one penny for every ounce, beginning with the first ounce. Thus, a letter weighing between fourteen and fifteen ounces must be prepaid 1s. 3d.

2. A letter posted unpaid is chargeable on delivery with double postage; and a letter posted insufficiently prepaid is chargeable with double the deficiency.

3. No letter may be above eighteen inches in length, nine inches in width, or six inches in depth, unless it be sent to or from one of the government offices.

(2.) *Colonial and Foreign Letters.*

1. The rates of postage on letters to the colonies and foreign countries will be found in the Table of Colonial and Foreign Postage.

2. To some countries prepayment of the postage is compulsory. Where this is the case, the fact is indicated in the Table of Colonial and Foreign Postage by the letter “c” prefixed to the rates of postage; prepayment being in all other cases optional.

3. To some countries the whole of the postage cannot be prepaid; and where this is the case, the letter “a” is prefixed to the rates in the Table of Colonial and Foreign Postage, to indicate that an *additional* charge is levied on delivery.

4. A letter posted unpaid, or paid only in part, directed to go by a route by which prepayment is compulsory, is sent to the Returned Letter Office, to be sent back to the writer, unless there is another route by which prepayment is not required; in which case the letter is sent by the latter route. Letters, however, for Australia and New Zealand, if partially prepaid, are not detained, but are forwarded charged with the deficient postage and an *additional* rate.

5. A letter posted insufficiently prepaid for a place to which prepayment is optional is sent forward charged; the value of the stamps, however, being taken into account.

Dimensions.

6. Letters posted unpaid (wholly or in part) for the Cape of Good Hope or Natal are charged 6d. each in addition to the deficient postage, and those for St. Helena and British West Indies (except British Guiana, British Honduras, Jamaica, and Trinidad) are charged 1s. each in addition to the

deficient postage. In all other cases unpaid letters are charged double the prepaid rate, and those partially prepaid are charged with double the deficiency.

7. The same rates are chargeable in this country upon unpaid or insufficiently paid letters received from the above-named places.

8. No letter for any colony or foreign country may be above 2 feet in length, or 1 foot in width or depth.

Routes.

9. Letters not specially directed by a particular route are forwarded by the route immediately following the name of the place in the Table of Colonial and Foreign Postage.

Exceptions.

§ 1. Letters for Aden and India are sent via Southampton, if that route is indicated by the postage; letters for Borneo, Ceylon, China, Japan, Java, Labuan, Philippine Islands, and Singapore are sent by the first packet, whether British or French, except that those prepaid at the lower rate are not forwarded via Brindisi, and those prepaid at the higher rate are not sent via Southampton.

§ 2. Letters for Egypt and Cape de Verdes are sent in the first mail despatched. Those for Gibraltar posted or received in London on Thursday morning in time for the mail via Southampton are forwarded by that route.

§ 3. Letters for Canada posted after the despatch of the mail by Canadian Packet on Thursday, are forwarded via the United States on Saturday.

§ 4. Letters for Bermuda are sent in the first mail, either via Halifax or via New York.

§ 5. Letters for the Argentine Confederation and Uruguay are sent in the first mail despatched by British or French Packet after the time of posting. Those for Brazil, Hayti, the United States of Colombia, and Venezuela are sent by the first packet via Southampton, or via Liverpool; those for Mexico are sent by the first packet via Southampton, via Liverpool, or via France.

10. Letters, &c., for Brazil, Monte Video, Peru, Bolivia, and Chili, if specially directed “*by Supplementary Mail via Bordeaux*,” and posted in time for despatch from London by the Day Mail of Friday, will in due course overtake at Bordeaux the Packet despatched from Liverpool on the previous Wednesday. The postage via Bordeaux is the same as that via Liverpool.

11. Letters for places in the Persian Gulf are forwarded via Bombay if specially directed by that route, and prepaid the rates of postage for Bombay.

12. Letters for Russia should have the name of the town added in English, French, or German; and they should bear as a part of their address the name of the province or government in which they are situated. In addressing all letters, &c., for Russia the name of the place of destination, as well as the government in which such place is situated, must be correctly given and plainly written. If these conditions be not complied with the Russian Post Office declines to undertake the delivery of the correspondence.

13. No letters containing gold or silver money, jewels, or precious articles, or anything liable to Customs duties, can be sent, even *if registered*, to any country of the General Postal Union.

* Inland letters are those which pass between places in the United Kingdom, including the Isle of Man, the Orkney, Shetland, Scilly, and Channel Islands.

† If the weight be exceeded to the smallest extent, even though the balance be merely turned, the letter becomes liable to a higher postage. The same rule applies to letters going abroad. To provide, therefore, for errors in scales, &c., it is well to allow a little margin, or to pay the postage of the next greater weight.

(3.) *Inland Newspapers.*

1 Under the "Post Office Act, 1870," any publication fulfilling the conditions hereafter named can, upon payment of an annual fee of 5s., be registered at the General Post office to pass within the *United Kingdom as a newspaper* for a postage of one halfpenny. Without such registration no newspaper is entitled to be sent through the post at less than the book rate of postage.

2. The conditions are as follows:—

§ 1. The publication must consist wholly or in great part of political or other news, or of articles relating thereto, or to other current topics, with or without advertisements.

§ 2. It must be printed and published in the United Kingdom, must be published in numbers at intervals of not more than seven days, and must be printed on a sheet or sheets unstitched.

§ 3. The full title and date of publication must be printed at the top of the first page, and the whole or part of the title and the date of publication at the top of every subsequent page; and this regulation applies to "Tables of Contents" and "Indices."

Definition of a Supplement.

§ 4. A supplement must consist wholly or in great part of matter like that of a newspaper, or of advertisements, printed on a sheet or sheets, or on a piece or pieces of paper, unstitched; or wholly or in part of engravings, prints, or lithographs illustrative of articles in the newspaper. The supplement must in every case be published with the newspaper, and must have the title and date of publication of the newspaper printed at the top of every page; or, if it consists of engravings, prints, or lithographs, at the top of every sheet or side.

3. Registration for inland circulation includes registration for transmission abroad.

4. For each inland newspaper, whether posted singly or in a packet, the postage, when prepaid, is one halfpenny; but a packet containing two or more registered newspapers is not chargeable with a higher rate of postage than would be chargeable on a book packet of the same weight, viz., one halfpenny for every 2 oz. or part of that weight.

5. A newspaper posted unpaid, or a packet of newspapers posted either unpaid, or insufficiently paid, is treated as an unpaid or insufficiently paid book packet of the same weight.

6. The postage must be prepaid either by an adhesive stamp, or by the use of a stamped wrapper.

7. No newspaper can now be sent through the post a *second time* for the *original* postage. For each transmission a fresh postage is required.

8. Every newspaper must be posted either without a cover, or in a cover entirely open at both ends, so as to admit of easy removal for examination.* A newspaper must not be fastened in its cover by means of gum, sealing wax, postage stamp, or otherwise. If this rule be infringed, the newspaper is treated as a *letter*.

9. Every newspaper must be so folded as to admit of the title being readily inspected.

10. A newspaper, or packet of newspapers, which

contains any enclosure except supplements, is charged as a letter, unless the enclosure be such as might be sent at the book rate of postage, and the entire packet be sufficiently prepaid as a book packet, in which case it is allowed to pass.

11. A newspaper which has any letter, or any communication of the nature of a letter, written in it or upon its cover, is charged as an unpaid or insufficiently paid letter.

12. No packet of newspapers may be above 14 lbs. in weight, nor above two feet in length, one foot in width, or one in depth.

(4.) *Colonial and Foreign Newspapers.*

1. The rates of postage to the colonies and foreign countries on newspapers registered for transmission abroad will be found in the Table of Colonial and Foreign Postage. Each newspaper is liable to a separate rate of postage, whether sent singly or in a packet, and if above 4 oz. in weight it is liable to two rates of postage; and so on.

2. The conditions of registration for transmission abroad are the same as those for inland transmission; excepting that for foreign transmission a newspaper may be published at intervals of *thirty-one days*; and that it may be printed (but not its supplement) on sheets stitched together. Moreover, prices current and market reports (but not private price lists or trade catalogues) may be registered as newspapers for foreign transmission, provided that they be published at intervals not exceeding thirty-one days.

3. The postage, *which must be prepaid*, cannot be paid in money.

4. All publications registered for transmission abroad *must be posted within eight days from the day of publication*, including that day; and any newspaper posted more than eight days after the date of publication, as well as any unregistered publication, must be prepaid at the book rates of postage.

5. The collected numbers issued during the month of a weekly or fortnightly publication are not allowed to pass as a monthly publication.

6. Every newspaper must be posted either without a cover (in which case it must not be fastened, whether by means of gum, wafer, sealing-wax, postage stamp, or otherwise) or in a cover entirely open at both ends, so as to admit of easy withdrawal for examination.

7. Every newspaper must be so folded as to admit of the title being readily inspected.

8. No newspaper, whether posted singly or in a packet, may contain any enclosure except the supplement or supplements belonging to it.

9. There must be no writing or other marks on a newspaper sent abroad but the name and address of the person to whom it is sent; nor anything on the cover but such name and address, the printed title of the publication, the *printed* name and address of the publisher or vendor who sends it, and words indicating the date on which the subscription to the newspaper will end.

10. No packet of newspapers may be above two feet in length or one foot in width or depth. The limit of weight, which is not the same to all countries, is in each case shown in the Table of Colonial and Foreign Postage.

(5.) *Inland Book Post.*

1. The postage is one halfpenny for every 2 oz. or part of that weight.

* In order that no failure may occur in the delivery of newspapers through the covers becoming detached, it is recommended that the addresses be written on exposed parts of the newspapers themselves as well as on the covers.

2. A packet posted wholly unpaid is charged with double the book-postage; and if posted partially prepaid, with double the deficiency.

3. A book-packet may contain any number of separate books or other publications, photographs (when not on glass, or in cases containing glass or any like substance), drawings, prints, or maps, and any quantity of paper, or any other substance in ordinary use for writing or printing upon; and the books or other publications, prints, maps, &c., may be either printed, written, engraved, lithographed, or plain, or any mixture of these. Further, all legitimate binding, mounting, or covering of a book, &c., or of a portion thereof, is allowed, whether such binding, &c., be loose or attached; as also rollers in the case of prints or maps, markers (whether of paper or otherwise) in the case of books, pens or pencils in the case of pocket-books, &c., and, in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto; but the binding, rollers, &c., must not be sent as a separate packet.

Circulars—i.e., letters which, according to internal evidence, are being sent in identical terms to several persons, and the whole or greater part of which is printed, engraved, or lithographed—may also be sent by book post.

4. But a book-packet may not contain any letter, or communication of the nature of a letter* (whether separate or otherwise), unless it be a circular letter; nor any enclosure sealed or in any way closed against inspection; nor any other enclosure not allowed by Rule 3. If this Rule be infringed, the entire packet is charged as a letter.†

5. A book-packet may be posted either without a cover (in which case it must not be fastened, whether by means of gum, wafer, sealing wax, postage stamp, or otherwise), or in a cover entirely open at both ends, so as to admit of the contents being easily withdrawn for examination; ‡ otherwise it is treated as a letter. For the greater security of the contents, however, it may be tied at the ends with string; postmasters being authorized to cut the string in such case, although if they do so they must again tie up the packet.

6. No Book-packet may be above 5 lbs. in weight, nor above 1 ft. 6 in. in length, 9 in. in width, or 6 in. in depth, unless it be sent to or from one of the Government Offices.

7. When, owing to a great and unusual influx of letters, books, &c., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, book-packets may be kept back till the next despatch, or delivery.

(6.) Abuse of the Book Post.

It seems to be but imperfectly understood, that there is no legal way of sending a letter, other than a circular letter, through the post for a postage of a halfpenny, except by means of a post card.

* Entries merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.

† It is the duty of Postmasters, whenever they have ground for suspecting an infringement of any of the above conditions, and occasionally even when there is no ground for suspicion, to open and examine book-packets posted at, or passing through, their office.

‡ In order to secure the return of book-packets which cannot be delivered, the names and addresses of the senders should be printed or written *outside*; thus "From _____ of _____."

A notion appears to prevail that, because a post card, which is open to inspection, may have a letter written or printed upon it, any card whatever, and even any piece of paper, if only it be placed in an open wrapper, may be sent through the post with a letter written or printed upon it for a postage of a halfpenny.

It seems necessary, therefore, to explain for the guidance of the public—

1. That the letter rate of postage must be prepaid for any communication of the nature of a letter, whether it be placed in a closed envelope or in an open cover, unless a post card be used for the purpose, or unless the letter be a circular letter, i.e., a letter having internal evidence that it is intended for transmission in identical terms to several persons, and the whole or greater part of which is printed, engraved, or lithographed.

2. That cards having merely a halfpenny adhesive stamp affixed to them must not bear any communication of the nature of a letter, unless it be a circular letter.

Large numbers of letters, not being circular letters, are from time to time found in halfpenny wrappers, contrary to the express provisions of the book post; and, as the officers of the department are instructed to surcharge all such letters with additional postage, it will save not only trouble to the Post Office but annoyance to the public, if care be taken always to pay letter postage for letters other than circular letters, unless they be written or printed on post cards.

(7.) Inland Card Post.

1. Official Post Cards impressed, or private Post Cards embossed with a halfpenny stamp (adhesive stamps not being accepted in payment of the postage), may be transmitted between places in the United Kingdom with letters written upon the back.

2. Both the "stout" and the "thin" cards may be bought singly. Prices of each style are as follows:—

<i>Stout Cards.</i>			<i>Thin Cards.</i>

3. The front (or stamped) side is intended for the address only, in addition to the printed words "Post Card" and "The address only to be written on this side." There must be nothing else written, printed, or otherwise impressed on it, nor must there be any writing or printing across the stamp. On the reverse side any communication, whether of the nature of a letter or otherwise, may be written or printed. Nothing whatever may be attached; nor may the card be folded, cut, or otherwise altered. If any one of these rules be infringed, the card will be charged 1d. on delivery.

4. When, owing to a great and unusual influx of letters, books, &c., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, Post Cards (unless paid for and posted as late letters) may be kept back until the next despatch or delivery.

5. No card other than one of those issued by the Government, or a private card embossed with a halfpenny stamp at the Office of Inland Revenue, Somerset House, will pass under a halfpenny stamp, if it bear on it a written communication of the nature of a letter (unless it be a circular letter).

6. For information as to the conditions under which

private cards are embossed with a halfpenny stamp, application must be made to the Office of Inland Revenue.

(8.) *Foreign Card Post.*

1. Foreign Post Cards may be sent to all the countries comprised in the General Postal Union, with the exception of British India. The postage of a card is in every case one-half the rate for a single letter.

2. Foreign Post Cards with an impressed stamp of 1½d. each are sold at that rate, and are transmissible to the majority of the countries of the Union, without extra charge. But reference should be made to column G of the tables of Colonial and Foreign Postage for the exceptional rates.

(9.) *Articles not allowed to be sent by Post.*

1. It is forbidden to forward by post any indecent or obscene print, painting, photograph, lithograph, engraving, book or card, or any other indecent or obscene article, or any letter, newspaper, publication, packet, or card having thereon any words, marks, or designs of an indecent, obscene, libellous, or grossly offensive character. Anything posted contrary to this prohibition will be stopped and sent to the Returned Letter Office.

2. Postmasters are instructed not to receive any letter which there is good reason to believe contains anything likely to injure the contents of the mail bag, or to do bodily harm to any officer of the Post Office. If such a packet be posted without the Postmaster's knowledge, or if at any time before its despatch he should discover any such packet, he is directed not to forward it, but to report the case, with the address of the packet, to the Secretary.

The following are examples of the articles referred to:—

A glass bottle, or glass in any form; leeches, game, fish, meat, fruit, or vegetable; bladders or other vessels containing liquids; gunpowder, lucifer matches, or anything which is explosive or liable to sudden combustion; razors, scissors, needles, forks, or other sharp instruments are also forbidden, except when sent in packets of samples to the foreign countries mentioned in Rule 6, Section 11.

3. The transmission of letters containing gold or silver money, jewels, or precious articles, or any thing liable to Customs duties, through the post to any country of the General Postal Union is forbidden. The laws of Costa-Rica also forbid the transmission by the post within that country of letters or other packets containing coin, watches, jewellery, or other articles of value which are liable to Customs duties; and any such packets, if forwarded, are liable to confiscation. Packets containing jewellery or other articles of value for the Cape of Good Hope, or Queensland, are liable to be detained and not delivered to the addressees until the Customs duties have been paid. And letters or packets containing jewellery (which is liable to Customs duties) sent through the post to Victoria (Australia) are liable, with their contents, to be forfeited.

(10.) *Colonial and Foreign Book Post.*

1. Articles which may be sent to places abroad under the Book Post Regulations consist of two classes, as follows:—

§ 1. Commercial Papers, under which are comprised all papers or documents written or drawn wholly or

partly by hand (except letters or communications in the nature of letters, or other papers or documents having the character of an actual and personal correspondence), documents of Legal procedure, Deeds drawn up by public functionaries, copies of, or extracts from Deeds under private seal (and whether written or printed on stamped paper or unstamped paper), Way Bills, Bills of Lading, Invoices, and other documents of a mercantile character, documents of Insurance and other public Companies, all kinds of manuscript Music, the manuscript of Books and other literary works, and other papers of a similar description.

§ 2. Printed Papers, including periodical works, books (stitched or bound), pamphlets, sheets of music (printed), visiting cards, address cards, proofs of printing (with or without the manuscript relating thereto), engravings, photographs (when not on glass or in frames containing glass), drawings, plans, maps, catalogues, prospectuses, announcements, and notices of various kinds, whether printed, engraved, or lithographed, and in general all impressions or copies obtained upon paper, parchment, or card-board by means of printing, lithography, or any other mechanical process easy to recognise, except the copying press, and anything usually attached or appurtenant to any of the before-mentioned articles in the way of binding, mounting, or otherwise, and anything convenient for their safe transmission by post which, shall be contained in the same packet; also printed, engraved, or lithographed circulars, notwithstanding that such circulars may be letters or communications in the nature of a letter.

The two classes are subject to different rates of postage when addressed to countries in the Postal Union, the rate for printed papers being lower than for commercial papers. If there be any mixture of the two in the same packet the whole packet is subject to the higher rate.

2. Every packet must be posted either without a cover (in which case it must not be fastened, whether by means of gum, wafer, sealing wax, postage stamp, or otherwise), or in an open cover, so as to admit of the contents being easily withdrawn for examination; otherwise it is treated as a letter. For the greater security of the contents, however, it may be tied at the ends with string, postmasters being authorized to cut the string in such cases, but required to retie the packet.

Dimensions.

3. The limit of size for a packet addressed to any place abroad is 24 inches in length and 12 inches in width or depth. For limit of weight see foot note to Tables of Colonial and Foreign Postage.

Rates of Postage.

4. The rates of Postage, which must be prepaid on packets to places abroad, are given in the Table of Colonial and Foreign Postage.

The following information respecting books and photographs for the United States has been received from the Post Office at Washington:—"The only books absolutely free from Customs duty, under the United States laws, are those which have been printed more than twenty years; and pamphlets, periodicals, and other like publications, for the personal use of the individual to whom they are addressed. Nevertheless any book valued at not more than one dollar is also considered as exempt from Customs duty; and

So are photographs, when sent in limited numbers, for the private use of the person to whom they are addressed, or for distribution to relatives or friends." It is further stated that if any books or photographs, received in the Mails from the United Kingdom, are found to be liable to Customs duty, they will not be delivered to the addressees, but will be returned to this country.

(11.) *Colonial and Foreign Pattern and Sample Post.*

1. There is a Pattern and Sample Post to colonies and foreign countries generally; but it is restricted to *bonâ fide trade patterns or samples of merchandise*. Goods sent for sale, or in execution of an order (however small the quantity may be), or any articles sent by one private individual to another which are not actually patterns or samples, are not admissible.

2. No article liable to Custom duties can be sent as a sample or pattern.

3. The rates of postage will be found in the Tables of Foreign Postage.

4. Patterns or samples, when practicable, must be sent in covers open at the ends, and in such a manner as to be easy of examination.* But samples of seeds, drugs, and such like articles, which cannot be sent in covers of this kind—but such articles only—may be posted enclosed in boxes, or in bags of linen or other material, fastened in such a manner that they may be readily opened.

5. There must be no writing or printing upon or in any packet except the address of the person for whom it is intended, the address of the sender, a trade mark or number, and the price of the articles.

6. Samples of saleable value must not be sent to any foreign country, to Bermuda, British Guiana, British Honduras, Falkland Islands, Gambia, Gold Coast, Lagos, Sierra Leone, Newfoundland, Jamaica, Trinidad, Mauritius, Ceylon, Hong Kong, Labuan, Straits Settlements, India, or Canada. Samples of eider down, raw or thread silk, woollen or goats' hair thread, vanilla, saffron, carmine, or isinglass, are considered to fall under this rule if they weight more than three ounces.

7. Such articles as scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, provided that they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags and to the Officers of the Post Office, while at the same time they may be easily examined, may be sent as samples to places abroad, Indigo cannot be sent to any place abroad.

8. The limit of weight is not the same to all countries. For particulars, see foot note to Tables of Colonial and Foreign Postage.

9. A packet of patterns or samples sent to any place comprised in the Postal Union must not exceed 8 inches in length, 4 inches in width, or 2 inches in depth. The size in all other cases is limited to 24 inches in length, or 12 inches in width or depth.

(12.) *Indian and Ceylon Parcel Post.*

In pursuance of arrangements made between the Indian and Ceylon Post Offices on the one part and

the Peninsular and Oriental Steam Navigation Company on the other, parcels may be sent to any part of British India, Aden, British Burmah, and Ceylon, by the Indian Parcel Post Agency, from the Office at 122 Leadenhall Street, E.C., or the Branch Office at 25 Cocksspur Street, S.W., under the following regulations, viz.:—

1. The charge for parcels is 1s. per lb., or fraction of a lb. (prepayment optional), covering transit from London to destination. Insurance may be effected, if desired, at the rate (to be prepaid) of 1s. up to £3 value, 2s. 6d. up to £10 value, and 5s. up to £20 value. Indian Customs duty (if chargeable) will be realized from the addressee.*

2. The maximum weight, size, and value of a parcel are:—weight, 50 lbs.; size, 2 feet long by 1 foot broad, and 1 foot deep; value, £20.

3. The following are forbidden contents:—Liquids, or any articles of a dangerous, damaging, or fragile nature.

4. On parcels containing jewellery, gold, silver, watches, or precious stones, an additional charge will be made at the following rates:—Under £5, 2s. 6d.; £5 and under £10, 5s.; £10 and under £25, 7s. 6d.; £25 to £50, 1½ per cent. All charges on these parcels must be prepaid.

5. Mode of packing and address:—Parcels must be entirely closed and securely packed and fastened; a covering of stout canvas cloth or waterproof sewn at the edges being required if the parcel measures one cubic foot or upwards. Any article liable to suffer from crushing must be in a strong wooden case, not less than half an inch thick. The Indian address should be legibly written, with the superscription, "By Indian Parcel Post."

6. A letter of advice, stating name and address on parcel, contents and value for Custom House clearance, with legible signature and address of sender, should be sent to the Office (see Clause 1), with each parcel, *accompanied by payment*, if it be desired to prepay or insure the parcel. Remittances from the country must be by cheque, post office order, or penny stamps, which must not be defaced or affixed to the package. Stamps of a higher denomination cannot be received.

7. A receipt will be given (by the Company) for each parcel received from the country, and for other parcels, if specially required.

8. Parcels from the country (including all those not booked by the sender or their messengers or agents in person at the London Offices) may be forwarded to the office in London (see address below) by railway, or any other means available; but the parcel with the Indian address, as in Clause 5, should in such case be enclosed in an *outer covering*, bearing the address, "Indian Parcel Post Agency, 122 Leadenhall Street, London, E.C." The charges for carriage to the above address are additional to charges for transit or insurance under Clause 2, and may be prepaid to the local carrying agent, or left to be paid on delivery in London, and subsequently collected from the addressee. The letter of advice (see Clause 6), with any payment desired for transit or insurance (payment by post should be by cheque or money

* In order to secure the return of Pattern Packets which cannot be delivered, the names and addresses of the senders should be printed or written *outside*; thus, "From _____ of _____."

* Parcels containing books, or articles treated as books under the British Inland Book Post rules, will be charged at half rates, viz., 6d. per lb. If not specially advised as Books, these parcels will be liable to be charged at the 1s. rate.

order, payable to A. M. Bethune), should be sent to the same address by letter post, and the receipt will in such case be forwarded by post.

(13.) *Delivery.*

1. Letter Carriers and Rural Messengers are prohibited from distributing any letters, newspapers, &c., except such as have passed through a Post Office, whether before beginning their rounds, whilst on their rounds, or after they have completed them. Nor are they allowed to receive any payment beyond the postage for the delivery or collection of any letter, &c.; nor to deviate from the route laid down for them. The prohibition from receiving payment in addition to the postage *does not, however, extend to Christmas boxes.*

2. No person living within the town free delivery, or within the limits of a rural post free delivery, unless he rent a private box, can claim to have his letters delivered at the office window if a delivery by letter carrier or a despatch by messenger is about to take place; but letters which arrive by a mail after which there is no immediate delivery by letter carrier, may be obtained by any person on application at the office window, so long as the office is open for delivery.

3. In order to prevent the additional trouble which is sometimes caused by letters being directed to a Post Office for persons who reside within a free delivery from such office, but who have no private box, a Postmaster is authorized, when such letters arrive by a mail for which there is a delivery from house to house, to refuse to deliver them at the window, and to send them out by the Letter Carriers, except such as are addressed to the military in barracks.

4. Any person can have a private box who is willing to pay the appointed fee. The fee goes to the revenue, and is fixed at £3 per annum, payable in advance, and for a period of not less than a year. Special arrangements are made for locked bags to and from the renters of private boxes and the Post Office. Any person residing within the limits of a town free delivery, and renting a private letter bag, is considered to have the accommodation of a private box at the Post Office, as well as a bag, and is liable to the full charge for both box and bag.

A RETURNED LETTER OFFICE is established in Glasgow, and all undeliverable letters addressed to Glasgow and its sub-offices are disposed of there.

Letters addressed to initials or to fictitious names are at once sent to the Returned Letter Office.

On reaching the Returned Letter Office a letter originating in the United Kingdom is at once opened, and if found to contain the writer's name and address is returned to him. If it does not contain either the writer's address or an article of value the letter is destroyed. Letters bearing the sender's name and address impressed or printed on the envelopes are returned unopened.

After being retained for periods varying from one week to two months, colonial and foreign letters are returned unopened to the countries from which they were received.

(14.) *Re-direction.*

1. Every inland re-directed letter, post-card, or other postal packet, is liable to an additional postage

(at the prepaid rate) for each re-direction, unless both the original and the second address be within the delivery of the same Post Office, or Sub-Office, or rural walk, and the re-direction be made by an Officer of the Post Office. Thus, on a paid or unpaid letter, not exceeding 1 oz. in weight, redirected either by an Officer of the Post Office, or by any one else, to a different delivery, an additional postage is levied of one penny; and if the weight be more than one ounce, but less than two ounces, of three half-pence, and so on.

2. An inland registered letter, when re-directed to any place within the United Kingdom, is only liable to the same additional charge as an ordinary letter.

3. Letters, &c., sent to or received from a country of the General Postal Union, and afterwards re-directed to any place in the United Kingdom, or to another country within the Union, are not liable to any additional charge, nor, if registered, to an additional fee for registration; such, however, as have been in the first instance addressed to a place in the country where they were posted, are chargeable on re-direction with the inland rate of the country to which they are re-directed, but, if registered, without additional fee.

4. Letters, &c., addressed from one part of the United Kingdom to another, and then re-directed to a country not in the Postal Union, are liable to an additional Colonial or Foreign rate, and, if registered, to an additional fee for registration.

5. Letters, &c., received here from a country not in the Postal Union, and re-directed to another country not in the Postal Union, are liable to an additional Colonial or Foreign rate, and, if registered, to an additional fee: if re-directed to some place within the United Kingdom, they are liable to an additional inland rate; and, if re-directed to any country of the Postal Union, they are liable to the inland rate of that country. In the two latter cases letters, if registered, are not liable to any additional fee.

6. Letters, &c., received from any country of the Postal Union, and re-directed to a country not in the Postal Union, are liable to an additional Colonial or Foreign rate, and, if registered, to an additional fee.

7. If a registered letter, when re-directed, instead of being taken back to the Post Office to be dealt with as a registered letter, is dropped into the letter box as an ordinary letter (the word "registered" not having been erased, or having been erased in pencil only), it is surcharged with a fresh registration fee of eightpence, minus the value of any stamps already affixed for the registration.

Exceptions.—No charge for re-direction is made on Government letters; nor is any charge for re-direction made on newspapers from any place abroad, unless they have been opened, in which case they are liable to postage as books.

Further, letters addressed to commissioned officers in the army, navy, or ordnance, or (provided they do not exceed $\frac{1}{2}$ oz. in weight) to schoolmasters or schoolmistresses in the army, or non-commissioned officers, private soldiers, or seamen employed on active service in any of her Majesty's colonies, or on any foreign station, even if not included in the General Postal Union, and who, before receiving the letters, may have started on their return home, or to another station, may be re-directed to such officers, private soldiers, or seamen, &c., when these have removed *upon service*, and will

be delivered to them without any charge for re-direction. The same privilege extends to the letters of non-commissioned officers, schoolmasters in the army (of all but the first-class), schoolmistresses in the army, private soldiers, and seamen (but to these only), re-directed from one part of the United Kingdom to another, or from the United Kingdom to a place abroad, provided the original postage is prepaid, and the letters do not exceed $\frac{1}{2}$ oz. in weight.

8. Notices of removal, and application for the re-direction of letters must, in all cases, be duly signed by the *persons to whom the letters are addressed*, and forwarded to the Postmaster.

9. A Postmaster is not bound to re-direct letters for a person temporarily leaving his home, and not having a private bag or box, unless the house be left uninhabited.

(15.) Postage, Telegraph, and Receipt Stamps.

1. At every Money Order Office the Postmaster is required to keep for sale to the public a sufficient stock of the different postage stamps in use; envelopes with an embossed penny postage stamp; registered letter envelopes; newspaper wrappers with an impressed halfpenny postage stamp; inland and foreign post cards—as also a stock of 1d., 3d., and 1s. telegraph stamps. Postage stamps are of the respective values of $\frac{3}{4}$ d., 1d., $1\frac{1}{2}$ d., 2d., $2\frac{1}{2}$ d., 3d., 4d., 6d., 8c., 1s., 2s., and 5s. Uncut sheets of Inland Post Cards can be obtained at any Post Office by giving two or three days' notice. These sheets contain 42 cards, and are sold only in quarter reams of 120 sheets, equal to 5040 cards. The prices are £14 per quarter ream for stout cards, and £12 5s. for thin cards. Foreign Post Cards are sold at the rate of $1\frac{1}{2}$ d. each.

At Post Offices, which are not Money Order Offices, postmasters are required to keep $\frac{3}{4}$ d. and 1d. postage stamps and post cards only; but they are bound, on application, to procure postage stamps of other values, embossed postage envelopes, newspaper wrappers, and telegraph stamps.

2. At all Post Offices penny adhesive receipt stamps are kept in stock.

3. Every rural messenger is authorized to sell penny postage stamps at the usual price of 1d. each; and when any person applies to him for postage stamps the messenger must either supply them, or (if he have none in his possession) must without extra charge receive the postage in money, and on his arrival at the Post Office obtain postage stamps for the amount, and affix them carefully to the letters.

4. Payment of postage cannot be made by means of postage stamps which have been torn, cut, or otherwise rendered imperfect; or of embossed or impressed stamps cut out from the envelopes, cards, or wrappers on which such stamps were embossed or impressed (even although the stamps have not been before used or sent by post), or of telegraph stamps, or receipt, or other inland revenue stamps. Applications for allowance on spoilt postage stamps, embossed envelopes, post cards, or newspaper wrappers, which have not passed through the post, should be made to the office of Inland Revenue, Somerset House, London. Such applications, however, can only be entertained if the stamps or other articles have been spoilt or become useless within the period of six months preceding the date of application. In the case of envelopes, cards, or wrappers, the applications must be accompanied by these articles intact; as no allowance can be granted on the embossed or impressed stamps if cut therefrom.

Postage Stamps purchased from the Public.

5. To discourage the transmission of coin by post all postmasters in the United Kingdom at whose

offices money order business is transacted, and all Letter Receivers in the London District, are permitted, though not compelled, to purchase postage stamps from the public (provided the stamps be not soiled or otherwise damaged), at a charge of $2\frac{1}{2}$ per cent.; the charge, however, never being less than one halfpenny. Under this arrangement the payments are as follows:—

	The full price minus	
For stamps not exceeding 1s. 8d. in value,	$\frac{1}{2}$ d.	
Above 1s. 8d., and not exceeding 3s. 4d.,	1d.	
“ 3s. 4d., “ “ 5s. —	1 $\frac{1}{2}$ d.	
“ 5s., “ “ 6s. 8d.,	2d.	
“ 6s. 8d., “ “ 8s. 4d.,	2 $\frac{1}{2}$ d.	

and so on.

6. In order to prevent the temptation to steal stamps attached to letters, which might be afforded by facilities for selling them, no separate stamps can be purchased. They must in all cases be presented in strips containing at least two stamps unseparated from one another.

7. In consequence of representations made to the Post Office by various firms, that there is reason to believe that their postage stamps were purloined by persons in their employ, the Department has recommended that the name or initials of firms, &c., be either printed on the *back* of the stamps (by arrangement with the Inland Revenue Office, Somerset House), or the initials perforated through the stamps by means of a machine devised for the purpose; so that, the sale of such stamps being thereby rendered difficult (Postmasters having been instructed not to purchase any of them), there may be little or no temptation to steal them.

8. Paper taken by the public to the Inland Revenue Office can be impressed with postage stamps under conditions which may be learnt on application at that office.

9. Application from persons not in the service of the Post Office for licenses to sell postage stamps should be made to the distributor of stamps in the inland revenue office of the district.

(16.) *Registration (Inland and Foreign).*

1. The fee for registering a letter, newspaper, or book-packet passing between any two places in the United Kingdom is twopence.

2. The fee chargeable for registration to places abroad will be found in the column headed “Registration fee” in the Table of Colonial and Foreign postage. To some countries, as shown in that Table, a letter can be registered only to the port of arrival; it being left, in those cases, to the postal authorities of the country to which that port belongs to continue the registration or not as they may think proper. To a few countries, as also shown in the Table, there is no arrangement whatever for registration.

3. Registration is applicable equally to letters, newspapers, book-packets, and patterns addressed to places abroad, except in the cases specially mentioned in the tables of Colonial and Foreign postage.

4. No letter or packet addressed to initials or to a fictitious name can be registered; the prohibition, however, does not extend to letters addressed to the *care of a person or firm*.

5. Every letter or packet presented for registration must be enclosed in a strong envelope, securely

fastened. If the letter or packet contains money it must, in order to gain the benefit of the guarantee described at par. 10, be enclosed in a registered letter envelope sold by the Post Office, and if coins are sent, they must on no account be put in loose, but must be packed and enclosed in such a way as to move about as little as possible.

6. It is prohibited to send to a country of the Postal Union any registered letter marked on the outside with the declared value of the contents. Letters which may be so marked must be refused for registration by the officers of the Post Office.

7. Registered letters, &c., must be prepaid as regards both postage and registration fee; except official letters for Government Offices in London, Dublin, or Edinburgh, which may be registered on prepayment, in stamps, of the registration fee only.

8. Every letter, &c., to be registered should be presented at the counter, and a receipt obtained for it, *and should on no account be dropped into the letter-box*. If, contrary to this rule, a letter marked “Registered” be dropped into the letter box it will, *if directed to any place in the United Kingdom or the British Colonies*, be liable to a registration fee of 8d., instead of the ordinary fee of 2d.

9. At the Post Offices the latest time for posting registered letters on the payment of the ordinary fee is entered in the notice exhibited in the Lobby; but upon payment of a late fee of fourpence, in addition to the ordinary registration fee, letters, whether inland, foreign, or colonial, may be registered after the hours specified, until the closing of the letter-box for each despatch, or the office is closed for the night.

10. The registration of letters, &c., makes their transmission much more secure, inasmuch as they can be traced through their whole course; and thus the loss of a registered letter or packet is a very rare occurrence. Nevertheless, large sums of money or other articles of great value should not be sent through the post, even if registered; as the machinery of the Department is not arranged with a view to such transmissions. If sent *unregistered* valuable articles are exposed to risk, and offer a temptation which ought not to be created. Inland letters which contain coin, watches, or jewellery, *even though they be posted without registration*, are treated as *registered*, and charged on delivery with a double *registration fee* of eightpence in addition to the ordinary postage; and any such letters which cannot be registered in time to be forwarded by the Mail for which they are posted, are detained for the next despatch.

11. Letters containing coin, watches, or jewellery cannot be accepted for registration for any foreign or colonial country in the General Postal Union; and if erroneously registered they are returned to the senders.

12. Letters containing coin for any of the British Colonies not in the General Postal Union can be registered, and if they are posted without being registered, they are treated in the same manner as inland letters under similar circumstances. For the regulations relative to letters (whether registered or otherwise) which contain watches, jewellery, or other precious articles, for certain British colonies and foreign countries not in the Postal Union, see page 20, section 9, paragraph 3.

13. By law the Postmaster General is not re-

sponsible for the safe delivery of registered letters or packets, but henceforth he will be prepared to make good the contents of a registered letter lost while passing through the Post to the extent of £2 in certain cases, provided that the sender of the letter duly observed all the conditions of registration required; that the letter was securely enclosed in a reasonably strong envelope; and, if it contained money, that it was enclosed in one of the registered letter envelopes sold by the Post Office for the purpose; that application was made to the secretary of the Post Office immediately the loss was discovered. When the complaint is that the contents of a letter have been abstracted, the envelope must accompany the application, otherwise the question will not be entertained. That the Postmaster General, whose decision shall be final, is satisfied that the loss occurred while the letter was in the custody of the British Post Office, and was not caused by any fault on the part of the sender.

14. No town letter carrier is allowed to take a letter to be registered; but for the convenience of persons living in country places where no Post Office is near, letters will be registered by rural letter carriers, who will take letters for registration on their outward and inward walks, whenever it is practicable for them to do so.

(17.) *Modes of prepayment of letters, &c.*

1. Inland letters, newspapers, and book packets cannot be prepaid in money at any Provincial Post Office, but must be prepaid by means of stamps, either adhesive, embossed, or impressed. This rule applies also to registered letters.

2. Letters to places abroad must be prepaid wholly in stamps. This rule also applies to registered letters.

3. Newspapers, book-packets, and sample-packets for places abroad can be prepaid only by means of stamps; in their case prepayment is *always compulsory*.

4. British postage stamps, though available for all letters, &c., going out of this country, are not, as a general rule, available for letters, &c., coming into it; the principal exception being in the case of letters posted by Naval Officers, Marines, and Seamen serving abroad, which, if posted in the *ship's bag*, must be prepaid by means of British postage stamps.

(18.) *Letters for Non-Commissioned Officers, Soldiers, and Seamen in Her Majesty's Service.*

1. Non-commissioned officers, bandmasters, army schoolmasters (if not superintending schoolmasters or schoolmasters of the 1st class), schoolmistresses, private soldiers, writers of Her Majesty's Navy, or seamen belonging to Her Majesty's Ships, whether serving on sea or land, and whether in a British Possession or Foreign Country, as also enrolled pensioners in Canada, can send and receive letters by Packet or Man-of-War, for a postage of 1d.; but if any such letters have to pass through a foreign country they are subject, in addition, to the foreign postage, whatever that may be. Thus the postage to the under-mentioned countries (including the British charge of one penny) is as follows:—

To or from—	<i>s.</i>	<i>d.</i>
China, Ceylon, India, Japan, or Australia, <i>via Brindisi</i>	0	3

Mauritius, by <i>French Packet</i>	0	3
Chili, Peru, or any other place in the South Pacific, <i>via Southampton and Panama</i>	0	2

2. The Person claiming the privilege must at the time be actually employed in the service of Her Majesty, and must not be either a commissioned officer or warrant officer, viz., assistant engineer, gunner, boatswain, or carpenter; the privilege not extending to these officers.

3. If the letter be posted within the United Kingdom, the penny must be prepaid, as must any foreign postage that may be chargeable; and if sent by a private ship the gratuity of one penny to the captain must also be prepaid. If posted abroad, prepayment is not compulsory, but if the letter be sent unpaid, it is on delivery charged twopence, together with any foreign postage or gratuity to a sea captain that may be due.

4. The letter must not weigh more than half an ounce.

5. It must relate entirely to the private concerns of the soldier or seaman.

6. The name of the soldier or seaman, with his class or description, must appear in the direction; and the officer having the command must sign his name, and specify the ship or regiment, corps or detachment, to which the soldier or seaman belongs; the name of the ship or regiment being entered in full.

(19.) *Letters for Passengers on Board Mail Packets.*

1. Letters for passengers on board the packets for America touching at Queenstown, or on board the Mediterranean packets about to sail from Southampton or Brindisi with the mails for India, Australia, China, &c., may be posted in any part of the United Kingdom up to the time at which ordinary registered letters to go by the same packets are received. They must be registered, and the postage and registration fee must be fully prepaid, and they must be addressed to the *care of the commander of the packet*.

2. Letters for passengers on board the Canadian packets touching at Londonderry, may, under similar conditions, be posted up to the same time as ordinary registered letters for Canada. These must be addressed to the care of the officer in charge of the mails.

3. The letters should be addressed thus: "Mr —, on board the mail packet for —, at Queenstown [Londonderry, Brindisi, or Southampton]. Care of the Officer in charge of the mails," or "care of the Commander of the packet," as the case may be.

4. Letters directed, *Poste Restante*, Suez, and despatched by the mail *via Brindisi*, will probably reach passengers for India, &c., who have sailed in the packet which left Southampton the previous week.

(20.) *Letters, &c, by Private Ships.*

1. Letters intended to be sent by a private ship must be addressed "By Private Ship," and if by a particular vessel the name of the ship must be added. The postage of a letter by a Private Ship is as follows:—

2. Letters cannot be sent unpaid to the Countries marked thus (*). The postage for letters weighing more than $\frac{1}{2}$ oz. advances in the same manner as that for letters sent by mail packets. Unpaid letters coming into this country are charged the same rates as unpaid letters going out of it.

3. Book Packets and Packets of Patterns may be sent by Private Ship for the same postage as by Mail Packets, to all places to which there are Mail Packets.

4. Newspapers by Private Ships must be prepaid 1d. each per 4 ozs.

SPECIAL RATES OF POSTAGE AND CONDITIONS OF TRANSMISSION.

(21.) *Addresses to the Queen and Petitions to Parliament.*

1. Petitions and addresses to Her Majesty, forwarded direct, are exempt from Postage; and such petitions and addresses, as also petitions to either House of Parliament, if sent to a member of either House, are likewise exempt, provided they do not weigh more than two pounds, and are either without covers or are in covers open at the ends. No letter or other inclosure, however, must be inserted; and if one be found, such inclosure, unless it bear the proper number of postage stamps, will be charged as an unpaid letter.

2. The restriction laid down as to the size of letters does not apply to petitions or addresses to the Queen, whether directed to Her Majesty, or forwarded to any Member of either House of Parliament; nor to Petitions to either House of Parliament forwarded to any Member of either House.

* Countries comprised in the General Postal Union, see Table of Foreign Postages.

(22.) *Parliamentary Proceedings.*

1. Printed Votes or Proceedings of the Imperial Parliament, sent without covers or in covers open at the ends, may circulate within the United Kingdom at the rate of one halfpenny for every 2 oz. or part of that weight.

2. The words "Parliamentary Proceedings" must be written or printed on the cover of the packet; otherwise it will be treated as an ordinary book packet.

3. Prepayment, when the circulation is within the United Kingdom, is optional; and if it be made in part the simple differences only will be charged.

4. Parliamentary Proceedings may be sent, under the Book Post privilege, to all the Colonies, and to those Foreign States between which and this country there is a book post.

5. The limit of size prescribed for ordinary book packets does not apply to printed Parliamentary Proceedings.

(23.) *Parliamentary Notices.*

Parliamentary Notices may be forwarded through the post under the following regulations:—

1. The words "Parliamentary Notice" must be legibly printed on the face of the letter; and in order to secure the speedy return of any notices which may be undelivered, the name and address of the solicitor issuing such parliamentary notice should also be legibly printed or written on the face of the letter; though this is not imperative.

2. These notices may be posted at any Post Office in the United Kingdom at which Money Order business is transacted.

3. All notices which by the standing orders of either house of Parliament are required to be served on or before the 15th December must be posted not later than the 12th December, unless the 12th fall on a Sunday, when they must be posted not later than the 11th; and those notices which by the same orders may be served after the 15th, must be posted not later than the 18th of December, unless the 18th falls on a Sunday, when they must be posted not later than the 17th.

4. The postage chargeable on these notices, and the registration fee of sixpence on each, must be prepaid by stamps.

5. The notices must be posted at the Post Office window, accompanied with duplicate lists of the addresses, the notices being arranged, for the convenience of comparison, in the order of the list. These lists will be examined by the officer in attendance at the window; and if they correspond with the addresses he will sign and stamp every sheet of each list. One of the duplicate lists will then be returned to the person who brought the letters, and the other forwarded to the Secretary, General Post Office, London.

6. The hours for receiving such notices are the same as those for the registration of ordinary letters, unless they be presented at such a time as to interfere with the other duties of the office; in which case the Postmaster may appoint any other time within the next twenty-four hours for receiving the same, provided that, when the notices are to be served on or before the 15th December, such arrangement do not delay the posting beyond the 12th.

7. Re-directed parliamentary notices are, like letters, liable to an additional rate of postage.

8. The senders of parliamentary notices should, if possible, arrange on the previous day with the Postmaster as to the most convenient time for posting them, and state the probable number.

(24.) *Notices relating to Voting for Members of Parliament and Ballot Papers.*

1. Notices relating to votes for Members of Parliament, belonging to any of the classes enumerated in the Acts 6 Vict. c. 18 and 13 & 14 Vict. c. 69, can also be sent through the post (with the securities for their safe delivery enjoined by the Acts) on prepayment, in stamps, of the postage at the letter rate—whether Inland or Foreign, as the case may be—and of a registration fee of twopence, provided they be presented, duly directed, open and in duplicate, to the Postmaster of an office which is also a Money Order Office.* On receiving the notices, the Postmaster will compare each with its duplicate, and if the two agree, the latter will be stamped and returned to the bearer. The notices must be presented at least half an hour before the fixed times for posting ordinary letters.

2. The production by the person who posted a notice of the stamped duplicate is evidence of the notice having been given to the person at the place mentioned, on the day on which such notice would, in the ordinary course of post, have been delivered there.

3. They are liable to the usual charge for redirection.

4. When ballot papers are presented by any returning officer to be forwarded by post, the Postmaster is required to give to such officer an acknowledgment in writing, stating the time when he received it. The prepayment of the postage on ballot papers is optional.

4. Provision having been made, by means of the British Postal Guide, and the Postal Official Circular, to supply full and authentic information on all postal matters, the public should abstain, as much as possible, from applying for such information to the officers of the department. When information is asked for, the application should be in writing, and addressed to the Postmaster. For any error in a reply to a *verbal* application the Department does not hold itself responsible.

5. The officers of the Post Office are not bound to give change, nor are they authorized to demand change; and when money is paid at a Post Office, whether as change or otherwise, no question as to its right amount, goodness, or weight can be entertained after it has been removed from the counter.

6. Postmasters are not allowed to return any letter or packet to the writer or sender, or to any one else, or to delay forwarding it to its destination, according to the address, even though a request to such effect be written thereon.

7. The officers of the Post Office are not bound to weigh any letters or other packets for the public.

8. If a letter be forwarded under cover to any Postmaster, with a request that he will re-post it at his office, the letter, on being re-posted, will be endorsed with the words "posted at ———, under cover to the Postmaster of ———."

9. Every address should be legible and complete. When a letter is sent to a Post Town the last word in the address should be the name of that town, except when the town is but little known, or when there are two Post Towns of the same name, or when the name of the town is identical with or very like the name of some foreign town or country. In such cases the name of the County should be added. Thus, the last part of the address of a letter to Newport in Monmouthshire should be—

"Newport,
Monmouthshire."

10. When a letter is sent to a place where there is only a Sub-office, the name of the Head Office should be given. Letters posted in one part of the United Kingdom and intended for another (as, for example, letters posted in Scotland and intended for Ireland) should have the name of the Country to which they are sent added to the address, unless the letters be intended for some well-known large town, when such addition is unnecessary.

11. The number, too, of the house should appear; its omission being a cause of delay in the sorting; and tending to retard the general delivery. In the case of letters for places abroad, the name of the *country* as well as the town should be given in full, and should be the last word in the address. Attention to this latter precaution will often assist in deciphering the name of a town, and prevent the letter from being mis-sent when there are towns of the same name in different countries. For example: a letter intended for London in Western Canada, but simply addressed "London, W.C.," would be forwarded to the Western Central District of the Metropolis in England.

12. Letters for well-known firms and persons in Glasgow are sometimes addressed "Glasgow" only; but this practice often causes delay in their delivery.

13. A letter addressed to a Post Office to be called for is retained one month; and if not

MISCELLANEOUS REGULATIONS AND SUGGESTIONS.

1. The Post Office is not, by law, responsible for any loss or inconvenience which may arise from the non-delivery, mis-sending, or mis-delivery of any letter, book, or other postal packet (even if the packet be registered). Nor is it responsible for any injury which a letter or packet may sustain in its transmission.

2. To guard against such injury all postal packets which are likely to suffer from stamping or from pressure should be placed in strong covers, and even with this precaution no fragile article should be sent through the post. It should be remembered that every packet has to be handled several times, that it is exposed to considerable pressure and friction in the mail bag, and that whenever the bag has, in the course of transmission, to be transferred by means of the Railway Post Office Apparatus, the risk of injury is much increased.

3. No information can be given respecting letters which pass through a Post Office except to the persons to whom they are addressed; and in no other way is official information of a private character allowed to be made public.

* The posting of these notices is confined strictly to Post Offices where Money Order business is transacted; consequently, whenever such business is suspended at any office none of these notices can there be received.

called for by the end of that time, is sent to the Returned Letter Office to be sent back to the writer. But if the letter be addressed to a Post Office at a seaport town for a person on board a ship expected to arrive at that port, it is kept three months.

14. Letters addressed to initials or to fictitious names at Provincial Post Offices are not taken in, but are at once sent to the Returned Letter Office.

15. All letters addressed to club houses, hotels, and other places where letters are received to be called for, should be returned to the Post Office as soon as it has become evident that they will not be called for.

16. Every letter should contain the full address of the writer, in order to ensure its return to him if the person to whom it is directed cannot be found. A much larger portion of the undelivered letters could be returned if the names and addresses of the senders were always either fully and plainly written inside, or embossed on the envelopes.

17. To facilitate the delivery of letters, a letter-box should be affixed to every house-door.

18. All letters, &c., should be posted as early in the day as practicable, especially when sent in large numbers, as is frequently the case with newspapers and circulars, and care should always be taken to see that the packet falls into the letter-box, and does not stick in its passage. This is especially important in the case of letters posted in pillar letter boxes, because, though these receptacles are not intended nor designed for the reception of books, pamphlets, newspapers, or other bulky packets, injudicious or ignorant people do sometimes choke them with such articles. Much trouble is saved to the office if circulars, before being posted, are tied in bundles with all the addresses in one direction. Correspondence posted early in the day not only obtains in many cases the advantage of an earlier delivery, but frequently avoids the risk of delay from irregularity in the working of the trains.

19. Stamps should be placed on the front, that is, on the address side of the letter, and upon the right hand upper corner. On re-directed letters care should be taken not to place fresh stamps over those which have been previously used.

20. The practice of sealing with wax letters passing to and from the East and West Indies, and other countries with hot climates (except such as is specially prepared), is attended with much inconvenience, and frequently with serious injury, not only to the letters so sealed, but to the other letters in the mail, from the melting of the wax and adhesion of the letters to each other. The public are therefore recommended, in all such cases, to use either wafers or gum, and to advise their correspondents in the countries referred to, to do the same.

21. Any person who, on receiving a surcharged letter, has reason to think that it has been wrongly taxed, should take it, before it has been opened, to the Post Office to be weighed, and if it then appear that it does not turn the scale, should have its exact weight certified in writing. This will in most cases be sufficient evidence that the letter has been erroneously charged; though sometimes, owing to the paper being damp when it is posted, a packet weighs more than when it is delivered; and it is the weight at the time of posting that determines the charge.

22. When complaint is made of a letter or other

postal packet being lost, missent, or delayed, information, as precise as possible, regarding all the facts of the case should be furnished, together with any documents that may throw light upon the matter. The day and hour at which the letter, &c., was posted, as well as the office at which and the person by whom this was done, should always be stated, and when possible, the cover or wrapper in an entire state should be sent, in order that the place of delay may be ascertained by an examination of the stamp's impressions.

23. Neither money nor any other article of considerable value ought ever to be sent through the post, except by means of a money order or in a registered letter. Any person who sends money or jewellery in an unregistered letter, not only runs a risk of losing his property, but exposes to temptation every one through whose hands his letter passes, and may be the means of ultimately bringing some clerk or letter carrier to moral ruin. Every letter which contains money or other valuable article even when registered, ought to be securely sealed, and if there be postage stamps in it, these should be enclosed in paper thick enough to prevent their being seen or felt through the cover.

24. Whenever Bank Notes are sent by post, even in registered letters, they ought to be cut in halves, the second halves not to be forwarded until advice as to the receipt of the first has reached the sender. A memorandum of the number on the notes ought to be kept.

25. *Sunday*.—During the time the office is open on Sunday (viz.) from nine to ten in the morning the public may purchase postage stamps and have letters registered; and all other duties are performed as usual, except Money Order and Savings Bank business, which on that day is wholly suspended.

26. *Sacramental Fast Days*.—On the Sacramental Fast Days there is one delivery only by Letter Carriers, commencing at 7.30 a.m., and letters are delivered to Private Box holders and to strangers from 7 to 10 a.m. The Office is again opened for the sale of postage stamps and registration of letters from 4 to 8 p.m.

Penalties for sending Letters otherwise than through the Post.

27. Any person conveying (otherwise than by the Post) a letter not exempted from the exclusive privilege of the postmaster-general incurs, by law, a penalty of £5 for every letter, and £100 for every week the practice is continued. The sender also is liable to a penalty of £5 for every letter.

Exceptions.

28. The exclusive privilege of the postmaster-general is confined strictly to letters, and does not therefore extend to newspapers, books, or money, any of which may be legally conveyed by other means. The following kinds of letters also need not be sent through the post:—

§ 1. Letters sent by a private friend, to be delivered by such friend to the person to whom they shall be directed.

§ 2. Letters sent by a messenger on purpose, concerning the private affairs of the sender or receiver thereof; commissions or returns thereof, and affidavits and writs, process or proceedings or returns thereon issuing out of a court of justice.

§ 3. Letters sent out of the United Kingdom by a private vessel (not being a packet boat).

§ 4. Letters of merchants, owners of vessels of merchandise, or of the cargo or loading therein, sent by such vessels of merchandise, or by any person employed by such owners for the carriage of such letters, according to their respective directions, and delivered to the respective persons to whom they shall be directed, without paying or receiving reward or profit for the same in anywise.

§ 5. Letters concerning goods or merchandise sent by common carriers, to be delivered with the goods which such letters concern, without hire or other advantage for receiving or delivering such letters.

29. No person, however, is authorized to make a collection of such excepted letters for the purpose of sending them in the manner above described.

30. The following persons are expressly forbidden to carry a letter, or to receive or collect or deliver a letter, even though they shall not receive hire or reward for the same:—

§ 1. Common known carriers, their servants or agents, except a letter concerning goods in their carts or waggons, or on their pack horses; and owners, drivers, or guards of stage coaches.

§ 2. Owners, masters, or commanders of ships, vessels, steam-boats, or boats called or being passage or packet boats, sailing or passing coastwise, or otherwise between places within Great Britain or Ireland, or between, to, or from ports within Her Majesty's dominions or territories out of the United Kingdom, or their servants or agents, except in respect of letters of merchants, owners of ships, or goods on board.

§ 3. Passengers or other persons on board any such ships, vessels, steam-boats, passage or packet boat.

§ 4. The owners of or sailors or others on board a ship or boat passing on a river or navigable canal within the United Kingdom or other Her Majesty's dominions.

MONEY ORDERS.

1. When applying for Money Orders the public should use the prepared printed "Application Forms," which are supplied gratuitously to all Money Order Officers, viz:—

§ 1. Application for Inland Orders.

§ 2. Application for Foreign and Colonial Orders.

2. *Commission.*—The commission on Inland Money Orders is:—

For sums under 10s.,	-	-	-	2d.
Of 10s. and under £2,	-	-	-	3d.
" £2, "	3,	-	-	4d.
" 3, "	4,	-	-	5d.
" 4, "	5,	-	-	6d.
" 5, "	6,	-	-	7d.
" 6, "	7,	-	-	8d.
" 7, "	8,	-	-	9d.
" 8, "	9,	-	-	10d.
" 9, "	10,	-	-	11d.
£10 Orders,	-	-	-	1s.

3. No order is allowed to contain a fractional part of a penny.

4. *Particulars Required.*—No Money Order can be issued unless the applicant furnish in full the name and at least the initial of one Christian name, both of the remitter and the payee, together with the remitter's address. In the case of Foreign

Orders the full address of the payee must be given; and if the order be payable to a native in British India the tribe or caste, and the father's name, must also be furnished.

Exceptions.

§ 1. The remitter is at liberty to desire at the time of issue that the order be crossed like a cheque thus, " & Co.," and be made payable only through a Bank, in which case it is left to his option to give or withhold the name payee. The designation of the Bank need not be furnished.

§ 2. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient.

§ 3. The usual designation of a firm is sufficient, except in the case of a company trading under a title which does not consist of the name of the persons composing it, as the "Carron Company."

5. The holder of a Money Order is always at liberty to direct, by crossing it, that the order be paid through a bank, even though its payment was not originally so restricted; and when the order is thus presented the question put on the presentation of an ordinary Money Order is dispensed with.

6. When application is made for a Money Order payable in London, or at any other town where there is more than one Money Order Office, the remitter should say at which of such offices he wishes it to be paid, otherwise the order can be cashed only at the Head Office.

7. *Orders cannot be Cancelled.*—An order once issued cannot be cancelled; and should repayment or transfer to a different office be required, the remitter or payee must apply to the paying Postmaster according to the directions in paragraph 15 of these regulations.

8. Money Orders do not require a receipt stamp.

9. When an Order is paid through a bank it is sufficient that it be receipted, without regard to any discrepancy between the signature and the name in the advice, and that it be crossed with the name of the bank, and presented by some person known to be in the employment of that bank.

10. Although at the end of twelve months from that in which it was issued, a Money Order, if still unpaid, becomes legally void, nevertheless, when a good reason can be given for the delay in presenting it, an application for payment, subject to a certain deduction, is entertained.

11. No application can be entertained for compensation for alleged injury from the non-payment of a Money Order at the expected time.

12. After once paying a Money Order, by whomsoever presented, the Office is not liable to any further claim.

13. To guard against any person, even if he obtain possession of a Money Order, fraudulently getting it cashed, the remitter is recommended:—

§ 1. When he is well known to the payee, to sign the letter enclosing the order with his initials only.

§ 2. When this is not the case, either to make the order payable ten days after date, or to register the letter enclosing it, or to make the order payable through a bank by crossing it like an ordinary cheque.

§ 3. When it is not considered expedient to adopt either of these courses, to send the remitter's name (without a knowledge of which payment cannot be obtained) in a separate letter from that contain-

ing the Money Order; although this latter precaution is much less effective than either of the others.

14. Payment of an order cannot be demanded on the same day as that on which the order was issued.

15. In case of the miscarriage or loss of an inland Money Order in transmission through the post, a duplicate will be granted, free of charge, on a written application (with the necessary particulars) being forwarded to the Comptroller of the Money Order Office in England, Scotland, or Ireland, according to the country in which the original order was issued. Should an Order be lost after the delivery of the letter in which it was enclosed, an additional commission, which should be forwarded in postage stamps together with the application for a duplicate order, will be charged. This additional commission, for duplicate of an order not exceeding £5, will be 1s.; above £5 and not exceeding £10, 2s. If it be desired to stop payment of an inland order, application must be made at the office where the order is payable, and a second commission must be paid. If alteration in the name of the payee or remitter of an inland Money Order should be required, application, accompanied by the payment of a second commission, must be made by the remitter to the Postmaster of the office at which the order was issued. Should transfer of payment of an inland order from one office to another in the United Kingdom, or repayment of the amount of an order, be required, an application inclosing the order must be made to the Postmaster at whose office the order is payable; who will transmit in exchange a new order payable at the place desired, but for a less sum than the original order by the amount of the second commission charged for the reissue. Proper printed forms for making application in all these cases may be obtained at any Money Order Office. Whenever, on complaint being made, it is found that the necessity for an application, entailing the payment of a fresh commission, is attributable to the Post Office, the charge will be remitted to the applicant and imposed on the officer in fault.

16. A Postmaster is required to give information how to apply for a duplicate order, &c., and must furnish the prescribed form of application. If payment of an order be refused, in consequence of the reply to the question respecting the remitter, or the signature on the order not corresponding with the entries on the advice, the applicant for payment should communicate with the remitter, and request him to apply personally to the issuing Postmaster.

17. No Letter Carrier, Rural Messenger, or other Servant of the Post Office is bound to procure a Money Order for any person, or to obtain payment for one; but such services are not forbidden.

18. 19. The issue of a duplicate Order, or the stoppage of payment of an Order issued by a Colony or Foreign Country on the United Kingdom, will be made on application to the Controller of the Chief Money Order Office, London, provided an additional commission be enclosed as follows:—1. For duplicates of Orders, not exceeding £5, 1s.; above £5, and not exceeding £10, 2s. 2. For stoppage of payment, an additional commission at the ordinary Inland Rates. Postmasters in the United Kingdom have power to transfer to other Offices in the United Kingdom payment of colonial and foreign orders originally drawn on their own offices.

20. Orders issued in the United Kingdom on Belgium, Denmark, Switzerland, Holland, the Dutch East Indian Possessions, India, Norway, and Egypt, are payable for twelve months after the month of issue. Orders issued on the United Kingdom on the German Empire, and the United States of America, are subject to the regulations which govern the payment of money orders in those countries. Orders issued in France on the United Kingdom cannot be paid after three months from the date of issue, without the authority of the French Post Office, and orders issued in the United Kingdom on France cannot be paid after three months from the month of issue without the authority of the Chief Office, London. Orders issued in the United Kingdom on Italy, and *vice versa*, cannot be paid after three months from the month of issue without the authority of the chief office of the country of issue.

21. Orders issued in the United Kingdom on the Island of Heligoland are subject to the same rates as those issued in the United Kingdom upon the German Empire.

POST OFFICE SAVINGS BANKS.

22. *Hours of Business.*—Every Money-Order Office is also a Savings Bank Office, and is open for bank business during the same hours as for Money Orders.

23. *Amount of Deposits.*—Deposits of one shilling, or of any number of shillings, or of pounds and shillings, may be made by any person at the Post Office Savings Bank, provided that such depositor shall not make deposits amounting to more than £30 in any year ending the 31st December, or make any further deposit when the amount standing to his credit, exclusive of the interest, exceeds £150.

24. *Interest.*—Interest, at the rate of £2 10s. per cent. per annum, which is at the rate of 6d. in the pound for each year, or at the rate of one halfpenny on each complete pound for each month, reckoned from the first day of the calendar month next follow-

* Considerable variation in the rates of exchange with any foreign country may occasionally necessitate an increase or decrease of the rates of commission.

ing the day on which a complete pound has been deposited, up to the first day of the calendar month in which the moneys are withdrawn, is allowed until the sum due to a depositor amounts to £200, when interest ceases to be allowed. The interest due to each depositor is added to the principal due to him on the 31st December in each year.

25. Deposits may be made by married women, and deposits so made, or made by women who shall afterwards marry, will be repaid to any such woman, unless her husband shall give notice in writing of such marriage, and furnish proof thereof to the Postmaster-General, and shall require payment to be made to him, provided always that such deposits shall not come under the provisions of the "Married Women's Property Act, 1870," which became law on the 9th August, 1870. By Section 16 the Act does not extend to Scotland.

26. *Transfers of Deposits.*—A Depositor in the Post Office Savings Bank may transfer his deposits to any other Savings Bank legally established; and, on his written application, accompanied by his book, to the Chief Office of the Postmaster-General, in a form to be obtained at any Post Office Savings Bank, he will be furnished with a certificate of the whole amount due to him; and his account with the Post Office Savings Bank will thereupon be closed. A Depositor in any legally established Savings Bank may transfer his account to the Post Office Savings Bank, and may require from the trustees or managers of such bank a certificate, stating the amount due to him; and thereupon his account with such bank will be closed. The certificate may be delivered at any Post Office Savings Bank, and will be received as a deposit of the amount therein set forth; and on the certificate being forwarded to London, and verified by the National Debt Commissioners, an acknowledgment for the amount thereof will be sent to the Depositor.

27. *Withdrawal of Deposits.*—Any depositor wishing to withdraw the whole or part of the sum deposited by him, must make application for the same to the General Post Office in London, in a form which may be obtained at any Post Office Savings Bank.

28. *Repayments.*—Repayments will be made only to the depositor in person, or to the bearer of an order under his hand, signed in the presence of either the minister of the parish in which the depositor resides, of a justice of the peace, or in case of sickness, of the medical attendant.

29. *Secrecy.*—The Officers of the Postmaster-General engaged in the receipt or payment of deposits will not disclose the name of any depositor, nor the amount deposited or withdrawn by him, except to the Postmaster-General, or to such of his officers as may be appointed to assist in carrying out the provisions of the Post Office Savings Bank Acts.

GOVERNMENT INSURANCES AND ANNUITIES.

30. The Postmaster-General is empowered under the Act 27 and 28 Vict. cap. 43, to insure the lives of persons of either sex between the ages of 16 and 60, for not less than £20 or more than £100. He is also empowered under the same Act to grant immediate or deferred annuities of not more than £50

on the lives of persons of either sex, and of the age of ten years and upwards.

The persons whose lives are insured or to whom annuities are granted by the Postmaster-General, have direct Government security for the payment of the money at the proper time.

The Post Office of Glasgow receives proposals for the insurance of lives and the purchase of annuities; and forms of proposal, with full instructions for filling up and delivering the same, as well as every other necessary information, may be obtained on application.

POST OFFICE TELEGRAPHS.

1. The charge for telegrams throughout the United Kingdom is 1s. for the first 20 words, and 3d. for every additional five words, *i.e.*, for every additional group of not more than five words*; the names and addresses of the sender and receiver not being counted.

2. The charges for Press telegrams are 1s. for every 100 words, or portion of 100 words, handed in between the hours of 6 P.M. and 9 A.M., and 1s. for every 75 words, or portion of 75 words, handed in between the hours of 9 A.M. and 6 P.M., with an additional charge of 2d. per 100, or 2d. per 75 words, as the case may be, for the same telegram to every additional address.

3. Distinctive telegraph stamps of the value of 1d., 3d., 4d., 6d., 1s., 3s., 5s., 10s., £1, and £5, are used for the payment of the charges on telegrams. Postage stamps are not accepted in payment of telegrams, nor are telegraph stamps accepted in payment of postage. Telegraph stamps are not purchased from the public at Post Offices, nor can they be exchanged for postage stamps.

4. Receipts for the charges on telegrams can be obtained at a cost of 2d. each.

5. The inland telegram forms are of two kinds, namely, the "A 1" form, embossed with a stamp of the value of 1s., and the "A" form (given gratis), with no stamp embossed thereon. The "A 1 forms" may be purchased singly or in any number. They may also be had bound up into books of 20 forms; price 20s. 2d.

6. When the terminal telegraph office, *i.e.*, the office situated nearest to the address, is a Head Post Office, the amount paid for the transmission of a message covers the cost of delivery within the town postal delivery of that office. But when it is not a Head Post Office, the message is delivered free within a limit of one mile.

7. When the addressee resides beyond the above described limits, portage is charged at the rate of 6d. per double mile (that is, a mile out and a mile back), or any part thereof, provided the whole distance to be traversed does not exceed three miles out and three miles back; but the charge is calculated from the boundary of the district within which no portage is levied. For instance, if the addressee's residence is a mile and a quarter from the terminal telegraph office, and also beyond the free delivery, the charge for portage would be 6d.; if the distance is above two miles and under three, 1s.

8. If the addressee resides at a greater distance than three miles from the terminal telegraph office, portage is charged for delivery by mounted messen-

* A similar interpretation is to be put upon the phrase "every additional—words," wherever such phrase occurs.

ger at the rate of 1s. per mile, except in the case of telegrams for Ireland, where the charge usually is 8d. per double mile. The charge being reckoned from the Office door.

9. If the sender requires his telegram to be forwarded by post or by train from the terminal telegraph office, he must write the words "by post" or "by train" on the message form in the space provided at the foot for that purpose.

10. A deposit of 5s. is required upon all telegrams addressed to persons on board ship (unless the ship be lying in the dock) to cover any expense incurred in their delivery; but application can be made to the Secretary for any surplus.

11. An embossed stamp which has been removed from a spoiled and unused "A 1" form will be accepted in payment of a telegram; but mutilated or defaced stamps will not.

12. The sender of a telegram should always furnish his address, not necessarily for transmission, but in order to enable the Department to communicate with him, if necessary; and should he telegraph from a place that is not his permanent residence, his permanent address should be added.

13. Telegrams may be repeated at the request of the sender, if he desires to adopt this extra security against risk of error, by being re-signalled from each office at which they are received to the office from which they are forwarded. The charge for repetition is one half the ordinary tariff; fractions of threepence being reckoned as twopence.

14. The cost of a reply not exceeding forty words in length may be prepaid; and a Prepaid Reply Pass will then be delivered to the addressee, who will be at liberty to send his reply, from any Postal Telegraph Office, at any time within two months after the date of the original telegram. If the pass be not used application for the return of the money, accompanied by the prepaid reply pass, may be made by the holder to the secretary, General Post Office, London. A prepaid reply pass, however, need not necessarily be used for the reply to a message, but may be used for the purpose of prepaying a message containing the same number of words as that named on the pass.

15. All telegrams which are re-transmitted to a second address by wire will be charged a fresh Inland rate. Telegrams which are re-directed to a second address in the same locality or free delivery will not be surcharged for the second service, if the re-direction does not involve any use of the wires. A fee of £1 1s. per annum is charged for the registration of removals or of special instructions, in addition to the amount chargeable on each retransmitted telegram.

16. Persons who wish to avoid sending so far as to a telegraph office, may, without additional charge, post a telegram form enclosed in an envelope, addressed "Telegraph Office," in a wall or pillar box, or in the letter-box of a Receiving Office or Sub-Office. Telegrams so posted are sent to the nearest Postal Telegraph Office by the first collection from the letter-box in which they are deposited, and are then transmitted by wire as soon as possible. Care should be taken that such telegrams are fully prepaid.

17. Telegrams so posted, but insufficiently prepaid, are forwarded to their destination, the difference of charge being obtained from the addressee. Unpaid telegrams are not forwarded.

18. Most of the Telegraph Offices in the United

Kingdom are closed between 8 p.m. and 8 a.m.; and as time is required for transmission between office and office, it must be borne in mind that if a telegram be deposited in a box at such a time that it cannot reach a Telegraph Office before 7 p.m., it may not reach its destination until after 8 a.m. on the following day. Telegrams written on the proper forms and properly prepaid may be handed to rural messengers, who are proceeding to telegraph offices, for transmission therefrom.

19. The sender should avoid all words not strictly necessary in his own address or the address of the person to whom the telegram is sent. He is not obliged to have his address telegraphed, but he should always furnish it in order to enable the Department to communicate with him if necessary. When the address is not to be telegraphed, it should be written at the foot or on the back of the form.

20. Numbers expressed in figures in an inland telegram are counted as so many words, according to the number of figures employed. For example, "7" counts as one word, "12" as two words, "385" as three words; and so on. Fractions are counted according to the number of figures employed to express the quantity, one word being added for the bar or mark of division between the numerator and denominator—thus " $\frac{1}{2}$ " counts as three words, " $\frac{3}{4}$ " as three words, "100 $\frac{1}{2}$ " as six words.

21. When the sender of a telegram desires that special instructions, such as "private," "confidential," "to be opened at once," or the like, shall be written on the envelope containing the copy of the message which is to be delivered to the addressee, he must write the instructions on the form immediately after the address of the person to whom the message is sent. These instructions are charged for as part of the message.

22. When telegrams are addressed to a Telegraph Office to be called for, they are kept for two clear days; and if no application be made for them within that time, are sent to the Chief Office, London.

23. Telegrams for the re-direction of letters are accepted at the ordinary rate of charge; but the sender must append his signature to the telegram, otherwise it cannot be acted upon.

24. Telegrams which are indecently or obscenely worded, or which appear to contain abusive, libellous, or slanderous matter, will not be transmitted.

25. The Department is not liable for losses incurred through the incorrect transmission, delay, or non-delivery of telegrams.

26. Telegraph offices are, as a rule, open from 8 a.m. to 8 p.m. on week days, and from 8 a.m. to 10 a.m. on Sundays. There are, however, offices in several of the larger towns which are open for longer periods. At the following offices in London and in the country there is attendance continuously during the day and night, both on week days and Sundays.

PRIVATE WIRES.

1. The Department undertakes to construct and afterwards maintain, upon the payment of an annual rental, a line of private wire between the place of business or residence of a firm or private individual and a Postal Telegraph Office, or between two or more places of business or residences. The advantage of having a private wire laid into a Postal Telegraph Office is that the renter is placed in direct communication with the public wires to all parts of the kingdom or abroad, messages being received from and sent to the Postal Telegraph Office by wire instead of by hand.

2. The Department also undertakes to supply Greenwich mean time by electric current every hour in the day in London, and at either ten or one o'clock to places in the country at the rates set forth in Table D.

3. All applications or communications in regard to private wires or time signals should be addressed to "The Secretary, General Post Office, London, E.C."

FOREIGN TELEGRAMS.

(Regulations founded upon the St. Petersburg Convention of 1875.)

1. Foreign telegrams are divided into three classes—ordinary, code, and cypher. Ordinary telegrams are those composed (1) of a series of words conveying an intelligible meaning; (2) of words, figures, and letters, the context of which has an intelligible meaning.

2. Code telegrams are those composed of plain words, the context of which has no intelligible mean-

ing, or of plain words, and groups of figures which the sender declares have no secret meaning, but are simply quotations, quantities, or dates.

3. Cypher telegrams are those containing series or groups of figures or letters having a secret meaning; or words not to be found in any dictionary or gazetteer. The portion in cypher must be composed exclusively of figures or exclusively of letters. Cypher telegrams written in letters are not accepted for Extra-European places.

4. The name and address of the receiver of a telegram must be paid for, and in no case must the address consist of less than two words—a name and a town. Example—Hercules, Bombay.

5. The name and address of the sender are also charged for if they are to be transmitted; if they are not to be transmitted, they must only be written at the foot of the message form.

6. In European telegrams the maximum length allowed for a single word is 15 letters; in Extra-European telegrams, 10 letters—any additional letters being counted and charged for as extra words, at the rate of 15 or 10 letters respectively to the word. In North American telegrams the maximum length allowed is seven syllables; and in both North and South American telegrams the name of the place of destination is accepted as one word, irrespective of the number of letters it contains, provided it be written without break or hyphen.

7. Subject to the limit imposed by rule 6, ordinary compound words and names of persons and places, &c., written without break or interruption, are counted and charged for as single words. If joined by a hyphen, or separated by an apostrophe, or other sign of punctuation, they are counted and charged for as so many separate words. Words incorrectly spelled, so as to reduce the number of letters below the maximum, or words incorrectly joined together, contrary to the usage of the language, cannot be accepted as single words.

8. Every separate letter or figure is charged for as one word, and every group of five figures or letters is charged for as one word, larger groups being charged at the rate of five figures or letters to a word, plus one word for any excess. Bars of division, decimal points, and stops used in the formation of numbers are counted as figures. Letters added to figures to form ordinal numbers are counted as figures.

9. In telegrams addressed to residents in large towns, the name of the street and number of the house in which the addressee resides should be given; and the addresses should be expressed in French, or in the language of the country to which they are to be sent. When these particulars cannot be given, either the christian name, or profession, trade, or calling of the addressee of the telegram should, if possible, be stated. Telegrams which do not contain this information are forwarded only at the risk of the sender. In telegrams addressed to places of which there are more than one of the same name, the name of the country or state in which the place is situated should be added to the address.

10. The sender is held responsible for an incorrect or insufficient address; corrections, alterations, or additions to the address can only be made by means of a fresh telegram, which must be paid for at the ordinary rate.

11. Persons residing in the United Kingdom may have an abbreviated or fixed address, or special in-

structions respecting the hours of delivery of telegrams which they may expect to receive, registered at the chief office of the town in which they reside, upon payment at that office of a registration fee of one guinea per annum.

12. If the sender of a telegram desires to prepay a reply of 20 words, he must insert before the address of the receiver either the words, "Réponse payée" (reply paid), which are charged for as two words, or "R P," which is charged for as one word; but if he desires the reply to consist of more than 20 words, he must insert the words, "Réponse — mots payée" (reply — words paid), or "R P — mots," which are charged for according to the number of words employed. In telegrams for Extra-European Countries the sender must always insert the words, "reply — words paid" or "R P — words." In North American telegrams these instructions are not charged for.

13. The sender of a telegram can have it repeated from office to office to the terminal telegraph office by paying over and above the charge for the original transmission half that charge in addition. In that case the words, "collationnement payé" (repetition paid), which are charged for as two words, or "T C," which is charged for as one word, must be inserted immediately before the receiver's address. In North American telegrams the words, "repetition paid" or "T C," take the place of "collationnement payé," and no charge is made for them.

14. Repetition is compulsory for Cypher telegrams. 15. Repetition is desirable but not compulsory for code telegrams.

16. On payment of a charge equal to one half the inland rate, the sender of a telegram can have it repeated between the office of origin and the office in Great Britain at which it is handed over to the Cable Company.

17. The sender of a telegram may have a notice of the time at which his telegram was delivered transmitted to him by telegraph by payment of an additional rate for 20 words, if an European telegram, or 10 words if an Extra-European telegram. In that case the words, "accusé de réception payé" (acknowledgment of receipt paid), which are charged for as four words, or "C R," which is charged for as one word, must be inserted before the receiver's address. In North American telegrams the words, "acknowledgment paid" or "C R," must be substituted for "accusé de réception payé;" the acknowledgment of receipt is charged for as a five-word message, and no charge is made for the instructions, "acknowledgment paid" or "C R."

18. The receiver of any telegram can, within 24 hours after its delivery, request the correction of passages which appear to him to be doubtful. For this purpose he must pay for two separate telegrams, viz.:—1. A telegram requesting the repetition. 2. A telegram calculated according to the length of the passage to be repeated. The amount thus paid is not refunded, even if it should prove that the telegram has been inaccurately transmitted, unless at the time of handing it in the sender paid for its repetition as described in rule 12.

19. Within a limit of three days the sender of a telegram can request a correction to be sent if he has reason to suppose that it has been altered in transmission. For this purpose he must pay the cost of—1. A telegram conveying the instruction with regard

to the desired correction. 2. A telegram for the reply advising that the correction has been made, if he wishes for such a reply. In Extra-European telegrams, the reply advising that the correction has been made is charged for as a telegram of 10 words.

20. The receiver of a telegram addressed to a place in the United Kingdom may have it repeated from the office at which it was handed over by the Cable Company to the Department on depositing the ordinary inland rate for the part of the telegram of which he requires the repetition; and if it be found that an error has taken place on the lines of this Department, the amount deposited for the repetition will be refunded.

21. When the sender is not quite certain of the exact place at which the receiver of the telegram will be found, he may insert immediately before the address the words "faire suivre" (to follow), which will be charged for as two words, or "F. S." which will be charged for as one word. Telegrams "to follow" are not accepted for Extra-European countries.

22. In telegrams intended to be left until called for at Telegraph Offices or at Post Offices, the words "Bureau restant" or "Poste restante" must be inserted as part of the receiver's address.

23. A telegram addressed to several persons, or to the same firm, in different towns, is charged for as so many separate telegrams; except in the case of messages to India, which may be addressed to the same receiver in different towns at a cost only of a single transmission as far as the most distant town, with an additional charge of 5d. per word for every extra address. A telegram addressed to several persons in the same town, or to the same firm at different localities in the same town, is charged for as a single telegram, and a sum of 5d. must be prepaid for every extra copy to be delivered, if the total length of the original telegram does not exceed 20 words in length; an additional sum of 5d. being charged for every additional 20 words or part of 20 words. In calculating the charge for the first telegram all the names and addresses furnished are included in the number of chargeable words. The North American Telegraph Companies do not accept telegrams having multiple addresses.

24. Under no circumstances is the charge for an unrepeatable ordinary or code telegram, which has been inaccurately transmitted, refunded. The cost of a telegram which has been inaccurately transmitted, and of which the repetition to the terminal telegraph office has been paid by the sender, is returned when it is shown that the telegram was rendered useless by the inaccuracy. The amount deposited by the receiver of a collated telegram for its repetition from the office of origin is returned when the second copy differs to a considerable extent from that of the original telegram. The cost of telegrams which have failed to reach their destination, owing to some error on the part of the telegraph service; and the cost of telegrams which have been delayed beyond two days in the case of European, and beyond six days in the case of Extra-European telegrams, from other causes than an interruption of the telegraphic communication, is returned to the senders. The cost of any telegrams which may have been rendered necessary in consequence of the non-delivery, delay, or incorrect transmission of a telegram is in no case returned. The amount paid for a telegram which has been cancelled before transmission has commenced is returned, less the sum of 6d. If the telegram is cancelled after transmission

has commenced, but before it has reached the place to which it is addressed, any balance of charges which may be due to the sender will be returned.

25. Claims for reimbursement of the charges paid for telegrams should be accompanied—1. In the case of non-delivery, by a written statement from the terminal telegraph office, or the addressee, that the telegram has not been received. 2. In the case of error in a telegram of which the sender has prepaid the repetition to the office of destination, or of delay in an ordinary or code telegram, by the actual message form delivered to the addressee. 3. In the case of error in a telegram of which the receiver has paid the

repetition from the office of origin, by the original message form delivered to the addressee, together with the form upon which the repeated telegram is written.

26. No claim for reimbursement for European telegrams will be entertained unless it is made within two months of the date of the original telegram; but in the case of Extra-European telegrams, the period during which complaints will be entertained is extended to six months from the date of the original telegram. Foreign administrations decline to make inquiry into complaints which do not involve a return of the cost of the telegram within the limits of Rule 24

LIST OF POST TOWNS AND SUB-OFFICES IN SCOTLAND.

It must be understood that the hours for closing the Letter Box are liable to alteration in the course of the current year, and, therefore, the Tables exhibited on the board at the Post Office ought to be occasionally consulted.

All Offices at which Money Order and Post Office Savings Banks business is transacted are marked thus, *m*. Postal Telegraph Offices are marked thus, *t*. Railway Companies Stations that collect and deliver Telegrams on behalf of the Post Office, are marked thus, *r*.

When in the subjoined list *one* place only is mentioned, it is a Head Office, or what is termed a Railway Sub-Office—that is, a Sub-Office which receives its correspondence direct from a Travelling Post Office instead of through a Post Town; and when two are mentioned, the *first* is a Sub-Office, and the *second* is the Head Office, to which the first is subordinate. It sometimes happens that there is a Money Order Office nearer the Sub-Office than is the Head Office; in these cases such Money Order Office is added as a *third* name, for the information of any persons who may wish to remit money to the neighbourhood. All Head Offices are Money Order Offices, but all Sub-Offices are not.

Note.—When the time of despatch to a Sub-Office is not given in the "Letter Box Closes" column of this list, the times of despatch to the Head (or second) Office should be referred to.

SCOTTISH PERMISSIVE BILL AND TEMPERANCE ASSOCIATION.

Object.—The promotion of total abstinence as a rule of life, the creation of an enlightened public opinion in favour of the Suppression of all Traffic in Intoxicating Liquors as *beverages*, and to secure, through the united efforts of moral and social reformers, the passage into law of a measure framed to effectually suppress that traffic by the votes of the ratepayers.

Ex-Bailie Hamilton, president; vice-presidents, **Sir Wilfrid Lawson**, Bart., M.P.; **James Stewart**, M.P.; **ex-Provost Todd**, Peebles; **Sir J. Murray**, Bart., Philiphaugh; **ex-Bailie Moncur**, Dundee; **Bailie Jamieson**, Perth; **J. D. Bryce**, J.P.; **Provost Ferguson**, Partick; **R. Little**, J.P.; **J. Robertson**, J.P.; **Professor W. G. Blaikie**, D.D., Edinburgh; **Professor Kirk**, &c., with upwards of 120 hon. vice-presidents and directors; **ex-Bailie Torrens**, chairman of executive; **ex-Provost Dick**, vice-chairman of do.; **R. McCallum**, treasurer; **Councillor Selkirk**, hon. secy., **R. Mackay**, secretary, 30 Hope Street. Official organ, "*Social Reformer*," published monthly, one penny. The gross income last year was £2438 4s. 4d. (including £261 9s. for special electoral action fund), being an increase of £220 over the previous year, and the surplus assets reached £277.

The number of meetings addressed by representatives of the Association in the course of a year ranges from 800 to 1000. The Association fully employs five agents and secretary, besides agents in various parts of the country, who are meantime partially engaged. Scotland is divided into districts, with headquarters in Glasgow, Edinburgh, Aberdeen, and Peebles. The Association has increased its Parliamentary position, as for the fourth time now a majority of the members for Scotland voting were in favour of the second reading of the Permissive Bill. It is also prosecuting a thorough and exhaustive electoral canvass of the Scottish burgh constituencies, in thirty of which there is already a local option party. The conspicuous position which the Permissive Bill obtained at the recent Parliamentary elections in Greenock, Leith, Perth, Haddington Burghs, and Perthshire affords a signal proof of the electoral influence of the Association. Promises to its £10,000 guarantee fund are respectfully requested. The sums promised are payable in five years in equal instalments, but are not binding in the event of death or inability to subscribe, and include the ordinary annual subscription. Last year the electoral fund proved such a valuable auxiliary to the work, that it was resolved to continue it this year. Subscriptions to it already amount to £120, and farther subscriptions are respectfully requested. Subscribers to the association of £1 and upwards yearly receive a copy of the *Alliance News* weekly, and the *Social Reformer* monthly, free; while subscribers of 5s. per annum receive the *Social Reformer*, post free, as issued.

INDEPENDENT ORDER OF GOOD TEMPLARS—GRAND LODGE OF SCOTLAND.

PLATFORM.

1st. Total abstinence from all intoxicating liquors as a beverage. 2nd. No license, in any form, or under any circumstances, for the sale of such liquors, to be used as a beverage. 3rd. The absolute prohibition of the manufacture, importation, and sale of intoxicating liquors for such purposes—prohibition by the will of the people, expressed in due form of law, with the penalties deserved for a crime of such enormity. 4th. The creation of a healthy public opinion upon the subject, by the active dissemination of truth in all the modes known to an enlightened philanthropy. 5th. The election of good, honest men to administer the laws. 6th. Persistence in efforts to save individuals and communities from so direful a scourge, against all forms of opposition and difficulty, until our success is complete and universal.

No person can be admitted to membership in this Order unless he believes in the existence of Almighty God as the Ruler and Governor of all things, and is willing to take the pledge for life; under this rule all classes are welcomed to the Order: the young—that they may be saved from falling into the snares of the tempter; the inebriate, who earnestly desires to reform—that they may be assisted to break the chains of appetite that bind them to the car of ruin; the moral and social; that, by uniting all these elements of society, the cause of temperance and morality may be advanced. The Order recognises the supreme divinity of Christ, and offers prayer in his name.

There are 800 adult lodges in Scotland, with a membership of 50,000, and 350 juvenile lodges, with 20,000 members. Each lodge meets weekly for the transaction of business and the initiation of new members. The Order is sustained by the weekly contributions of its members. A regular staff of agents is employed, who address meetings throughout the country.

President, Mrs. W. Gray, 11 Claremont Terrace; secretary, Miss Watson, 9 Woodside Ter.; treasurer, Mrs. Napier, Woodlee, Windsor Terrace.

The aim of the Society is to provide warm clothing for the poor fever patients when about to be dismissed from the comforts of the hospitals to their own homes. In too many cases their original clothing is scanty and utterly insufficient to protect even a vigorous person from the cold. But for the aid of the society they would, when divested of the warm suits provided for use within the hospital, be sent out in tattered garments, as well as with enfeebled bodies, almost certainly to the permanent injury of their health. The utmost care is taken that the articles are given to the needy and deserving only. There is no convalescent home for poor fever patients.

ASSETS, 31st December, 1878, £7,090,818 sterling

Have been accumulated and invested only in *First-Class Convertible Securities*, as restricted by the Insurance Laws of the State of New York. Such Investments are beyond the reach of MONETARY DISTURBANCE, and complete protection to Policy-holders is thus assured.

THE WHOLE OF THE PROFITS ARE RESERVED FOR THE ASSURED.

The greater earning power of money in the United States enables THE EQUITABLE of New York to offer to Assurants UNEQUALLED ADVANTAGES.

A Popular Scheme of Life Insurance on

THE TONTINE PLAN

has originated with and is granted by THE EQUITABLE, which, upon a principle of deferred bonus, adds very considerably to the proportionate profit of those holding these Policies. By this plan the profits are only divided at stated periods, viz., in TEN, FIFTEEN, or TWENTY YEARS from date of entry. No Profits accrue to the Policy until it has reached either of these periods, which must be determined upon at the time of application for the insurance.

When the assured's TONTINE period has arrived he becomes entitled to his share of the accumulated profits, and he is then given one of the following options:—

First.—*To take the cash value of his Policy.*

Second.—*To take a paid up non-participating Policy for an equivalent of its cash value.*

Should this be chosen a certificate of the good health of the applicant will be required.

Third.—*A yearly increasing annuity and the original sum at death to his heirs.*

The following table, based upon actual results of 10 years' experience, gives the estimated outcome of the 20 years' Policies on the Tontine Savings Fund Plan of Assurance. In the event, however, of the Life of the assured not reaching the special period he has elected, the face alone of the Policy is paid by the Society:—

ESTIMATED RESULTS AT THE END OF 20 YEARS ON A £1000 POLICY.

Age.	Annual Premium.	Total Amount Paid.	Cash Value.	Paid up Policy.	Annuity and £1000 at Death.
25	£19 17 6	£397 10 0	£600 0 0	£1600 0 0	£19 4 2
30	22 14 2	454 3 4	712 0 0	1650 0 0	26 8 0
35	26 7 6	527 10 0	868 0 0	1770 0 0	38 12 5
40	31 5 10	625 16 8	1069 0 0	1920 0 0	57 14 0
45	37 19 2	759 3 4	1353 0 0	2160 0 0	94 4 7

Thus one aged 30, after 20 payments of £22. 14s. 2d., may choose any of these three ways, viz., Cash, £712 and give up his Policy; a paid-up Policy for £1650 with no more to pay; or an annuity of £26 8s., increasing yearly, and the £1000 at death to his heirs. For CHILDREN from Ten years upwards this is a splendid way of assuring their lives. One aged 10 ceases to pay when he or she is 30, and secures an annuity which, increasing as it does yearly, becomes a most valuable one, and the sum assured at death to his or her heirs.

Prospectuses, giving results of Tontine experience, Forms of Proposals, and any other information, may be obtained on application to any of the Society's Agents, or from

SCOTTISH PROVIDENT INSTITUTION, FOR MUTUAL LIFE ASSURANCE.

**Have you a Life Policy? or if so,
Is your Life Assured for an Adequate Sum?**

IT has been well said that "It is the duty of every man to provide, while he yet lives, for his own; we would say that it is not more his duty to provide for their daily bread during his life than it is to provide, as far as he can, against their being left penniless in event of death. Indeed, between these two duties there is no essential distinction, for Life Assurance makes the one as much a matter of current expenditure as the other."

If you wish to provide future wealth for yourself, this you can do by assuring your life for a sum to be paid at a given age in your life time, or sooner in event of death. This mode of Assurance is increasingly popular, as it secures for the assured himself

A Provision in Advanced Age

as well as for his family, in the event of his dying before the specified age.

THIS Society differs in its principles from any other Office. Instead of charging rates admittedly higher than are necessary, and afterwards returning the excess, or a portion of it, in the shape of periodical Bonuses, it gives from the first as large an assurance as the Premiums will with safety bear—reserving the Whole Surplus for those Members who have lived long enough to secure the common fund from loss on account of their individual Assurances.

A policy of £1200 to £1250 may thus at most ages be had from the first for the Premium elsewhere charged to assure £1000 only; while the effect of *reserving* the surplus has been, that Policies originally for £1000, which have shared at the four septennial Investigations, have already been increased to £1400, £1600, £1800, and even in a few cases Policies have been doubled.

ITS TERMS are therefore well calculated to meet the requirements of intending Assurers. They are specially adapted to the case of Provisions under Family Settlements or otherwise, where it is important to secure, for the smallest present outlay, a competent provision, of definite amount, in the case of early death.

It has taken a leading part in the Removal of RESTRICTIONS and GROUNDS OF CHALLENGE. The Rule was adopted in 1849 that error in the original statements did not involve forfeiture unless "fraudulent as well as untrue."

Foreign Residence and Travel.—Members (not seafaring men) are free to reside in any part of the World to the north of 35° N.—excluding Asia—and to the south of 30° S. Licences for places beyond the free limits are given on favourable terms; and when an extra is charged it has the advantage, according to the equitable principle of the Office, of bringing the Assured sooner to share in Profits.

Examples of Annual Premium for Assurance of £100 at Death (with Profits).

PAYABLE DURING LIFE.	£1 18 0	2 1 6	2 6 10	2 14 9	3 5 9	4 1 7
LIMITED TO 21 YEARS.	£2 12 6	2 15 4	3 0 2	3 7 5	3 17 6	4 12 1

Thus a person of 30 may secure £1000 at death, with Profits, for a yearly premium of £20 15s., which in the other Scottish Mutual Offices would assure £800 only.

Or, if unwilling to burden himself with payments during the whole of life, he may secure a Policy for £1000 (with Profits) for a Premium of £27 13s. 4d., *limited to twenty-one payments*, being nearly the same as most Offices require during the whole of life.

THE RATES TO CEASE AFTER 7, 14, OR OTHER NUMBER OF YEARS MAY BE HAD.

FINANCIAL POSITION AS SHOWN BY STATISTICS.

By the publication of the "British Life Insurance Chart," compiled by W. White, Esq., F.S.S. (C. & E. Layton, Fleet Street), the Directors are enabled to give an analysis of facts, showing from authentic sources the high position which the Institution occupies among the Assurance Offices of the kingdom, not merely in extent of business, but even more markedly in the growth of its resources.

The New Business of 1878 was £1,035,102. Subsisting Assurances were £12,748,555. Annual Revenue exceeds £494,309. Accumulated Fund arising entirely from Premiums, above £3,879,420.

Moderate Rates of Premium for all descriptions of Insurance.

LIFE DEPARTMENT.

THE LIFE BUSINESS of the Company is divided into two distinct branches—

I.—THE NON-PARTICIPATING BRANCH.

The Assured in which receive no additions to their Policies—the Premiums being calculated on the lowest scale consistent with safety; and

II.—THE PARTICIPATING BRANCH.

In which the WHOLE PROFITS, less a fixed percentage of one-tenth of the Premiums for management and guarantees of the sums assured, belong to the Policy-holders. The amount for the Quinquennium ending 31st December, 1875, was the largest ever earned in any five years since the formation of the Company, and was sufficient to provide a Bonus of £1 10s. per cent. per annum upon the sum assured—or £7 10s. per cent. for the whole Quinquennium leaving, in addition, £33,420 to be carried forward.

Fire and Life Proposals and Tables of Rates may be obtained at the Offices of the Company and Agencies throughout the Kingdom.

LIFE DEPARTMENT.

THIS Company offers to the Public the security of an ample paid up Capital, and Accumulated Fund of ONE MILLION AND A HALF STERLING, with an ANNUAL REVENUE of nearly £200,000 from the life branch alone. Four-fifths, or 80 per cent., of the Profits are appropriated, every fifth year, to the holders of Policies of £100 and upwards.

The share of profits allotted to each Policy may be added to the sum insured and payable at the death of the Life—or its present value in cash may be received—or an equivalent reduction of the future Annual Premium obtained—at the option of the Assured.

Assurances without participation in the Profits can be effected at reduced rates of Premium.

Persons of unsound health, whose lives are not insurable at the ordinary Tabular Premiums, may be insured at Special Rates, equitably adjusted in each case.

Amount paid for Life Claims since the Office was established, about £3,750,000.

LOANS.

Advances are made on Policies which have been in force for three years and are of adequate value; also upon approved *personal security* in connection with Life Assurance.

VOLUNTEER CORPS.

Persons insured with this Company are at liberty to serve in any Volunteer Corps, within the United Kingdom, without prejudice to their Policies.

"DAYS OF GRACE."

By the condition of the Company's Policies, *invariably acted upon for upwards of Sixty Years*, the period for Payment of Premiums is not only extended to the "days of grace," without forfeiture of the Policies, but the sums insured are recoverable, the same as if the claim had arisen at any time previously.

NO CHARGE FOR POLICY STAMPS OR MEDICAL FEES.

FIRE DEPARTMENT.

Insurances effected on Property in any part of the United Kingdom, at the usual rates. Manufactories, and all Risks of a similar nature, insured by special agreement, on the most favourable terms.

Full powers have been taken in the Memorandum of Association for the transaction of every branch of an investment business, viz.:—1st. The Receiving of Money on Deposit on such terms as may be agreed on, and paying interest thereon. 2nd. The granting of Loans on Heritable Security, repayable by Instalments, by Rent Charge, or otherwise, as may be agreed on. 3rd. The acquiring, by Purchase, Feu, or otherwise, Heritable Property or any interest therein, and Re-selling, Feu, or otherwise disposing of the same. COUNTY FIRE OFFICE,

50 REGENT STREET, LONDON, W.

THE COUNTY FIRE OFFICE was established in the year 1806, upon the principle that the interests of its Policy-holders and its own should be identical. A system of strict economy and caution has enabled the Directors to return to their Policy-holders a considerable portion of the Premiums found to be in excess of the risks. These returns, which originally varied with the profits of the year, are now fixed at the rate of 25 per cent. They are paid out of a fund specially provided for the purpose, and take precedence of the Dividends to the Shareholders. The Insured are exempt from all personal liability.

The following Table contains the Names of some of the Policy-holders who have participated in the Returns:—

LIFE DEPARTMENT.

THE Quinquennial Valuation to Christmas, 1874, was made on the basis of the Institute of Actuaries' (HM) Table of Mortality and 3 per cent. interest. The Valuation was strictly a net premium one, the whole of the loading being reserved.

The amount of profit divided among 2875 participating policies, assuring £3,002,776, was £128,000, which was equivalent to a return of 29 per cent. of the premiums received during the five years. The Valuation Report concludes as follows:—

"The Company's Accumulated Life Reserve Fund is about £21,000 more than is required by a Net Premium Valuation according to the Institute of Actuaries' (HM) Table of Mortality. This is equalled by very few Offices indeed, and the additional Guarantee afforded by the paid-up capital of £1,000,000 places the Guardian in a position of singular financial strength."

WESTERN INFIRMARY

OF

GLASGOW.

(For list of Managers, Medical Officers, and other particulars, see page 134 in the Appendix).

STATEMENT AND APPEAL.

I. The Western Infirmary was opened in the beginning of November, 1874, and conclusive evidence has been afforded that the wants of the community urgently required this additional Hospital. Although the Royal Infirmary continues full of patients, the accommodation both in the Surgical and Medical Wards of the Western Infirmary has been taken advantage of to the fullest extent.

II. The cost of maintaining the Western Infirmary is estimated at £11,000 per annum, and the Managers cannot doubt that the community will cheerfully contribute what is required for this purpose.

III. The Managers take the liberty of drawing attention to the subjoined Form of Bequest, in the hope that from that source they may be enabled gradually to accumulate a special fund from the investment of which, in so far as it is not required for contingencies, a considerable supplementary revenue may in time be derived.

FORM OF BEQUEST TO THE WESTERN INFIRMARY.

I, _____ of _____ do hereby leave to the WESTERN INFIRMARY OF GLASGOW, free of legacy duty and charges, a Legacy of * _____ pounds sterling, which I authorise and direct my Executors to pay to the Treasurer or any two of the Managers thereof for the time being, upon his or their receipt, which shall be a sufficient discharge.

Dated at Glasgow, this * _____ day of _____ Eighteen Hundred and Seventy _____ years.

(Testator's Signature).

* Sum and Date to be expressed in words, not in figures.

Funds are required and earnestly solicited for the upkeep of the Infirmary, and all Annual Contributions and Donations sent to the Subscribers in answer to this appeal will be thankfully received and duly acknowledged.

Is might right? If so, the want of it must be wrong.

The Majority carries the Minority. Thousands will win where hundreds will lose.

THE TIME OF SMALL THINGS IS PAST!

"What is worth doing, is worth doing well," is an adage in the mind of everybody, and might be called the "spirit of the age."

The EXCELSIOR BOOT DEPOT is certainly mighty in its character; for the retailing of foot-gear we doubt if its equal is to be found anywhere, and positively nowhere in the Three Kingdoms.

This is high-sounding, but truth is mighty; and when we announce the fact that the EXCELSIOR BOOT DEPOT consists of 3 Flats, packed from floor to ceiling with Boots, Shoes, and Slippers, chiefly for retailing purposes, from the finest French makers to the strong and substantial of our own manufacture, the most sceptical cannot doubt the veracity of the assertion, the magnitude of its character, or the weight and force it possesses, in supplying the people of Scotland with their wants in foot-gear.

The EXCELSIOR, like most great centres, has its Branches for supplying surrounding districts. The EGLINTON BOOT DEPOT, for the South Side of City, with its *five window display* and Wholesale Department upstairs, is of too noted a character to the people of the West of Scotland to require comment.

The ST. CRISPIN BOOT DEPOT (which also has its Wholesale Department upstairs), for the supply of the people in the Northern parts of Glasgow, with its superior fit-up and conveniences, has been quite a boon, and become most popular in that district.

Our EDINBURGH BRANCH (the ST. CRISPIN) has made great headway among the people of the Metropolis, sustaining the reputation of our Glasgow Establishments.

The BUTE BOOT DEPOT is famed over the island, and merits a good trade all the year round; but is particularly convenient for our patrons over the West Coast, during the coasting season, the goods being as well up in style and variety, and prices the same as at our other Branches and Headquarters.

The *Cash Principle* and the great turnover of the EXCELSIOR and its BRANCHES, allows the Proprietor to adopt a *system of small profits*, and completeness in variety hitherto unknown in the Leather Trade, leaving behind most competitors so far, proving that when might is rightly used, and the principles of *Steam Power, Money Power*, and the *Power of Experience* are legitimately exercised, they leave little chance of a margin for the old trodden paths of "Select Stocks," misfits, and "long" credit systems.

FINLAY M'DIARMID,

WHO was upwards of twenty years in the service of Messrs. J. & R. TENNENT, WELLPARK BREWERY, Glasgow, begs to inform his friends and the public that, as Messrs. TENNENT bottle only for exportation, he has opened those extensive premises at 44 RENFREW STREET, called the CITY OF GLASGOW BOTTLING STORES, for the bottling of their world-famed Pale Ale and Stout, for home use; and, from his knowledge and long experience, he trusts soon to make this brand as popular at home as it has so long been abroad. To ensure the public getting their liquors genuine, as bottled by him, a Patent Capsule is put on each bottle.

All who have travelled abroad know that the Messrs. TENNENT's Beer and Stout are preferred to any other, and it is to make the Red T brand as well known in Glasgow as it is in Asia, Africa, and America, that F. M'D. has ventured upon this undertaking.

The Stores are fitted up on the most approved principle, having great facilities for cleanliness, and an apparatus for keeping an even temperature in the coldest weather, so that parties can depend on getting their Beer in rare condition at all seasons.

REVOLUTION IN THE FAMILY TRADE!

Expense of Bottling Saved.

BEER AND STOUT ON DRAUGHT WITHOUT WASTE.

To those who prefer it on Draught, F. M'D. supplies neat Stoneware Casks, containing 4½ gallons, fitted with Lock Taps and Elastic Vents, specially made for family use. The demand for these casks has been quite unprecedented, owing to their convenient size and cleanliness, and being air-tight, the liquor is drawn off in splendid condition to the last glass.

These Stoneware Casks are so neatly got up that they may stand on a shelf in any apartment, and nothing can be drawn therefrom without the key, which is handed on delivery. The empty is removed, and at the same time replaced by a full one, without any trouble to the purchaser.

The superior tonic properties of the Pale Ale, the rich nourishing quality of the Stout, and the purity of both, are highly appreciated by the medical profession.

SPECIAL NOTICE.

To meet the wishes of numerous customers F. M'D. has, at considerable expense, erected Machinery for the Manufacture of a Standard Quality of LEMONADE, SODA WATER, POTASS WATER, SARSAPARILLA, GINGER-ALE, &c., &c., and is now prepared to execute orders for same.

GRIFFITHS' PATENT WHITE

(DRY OR IN OIL),

The only Really Effective Substitute for White-Lead.

This Pigment possesses "BODY" and "COVERING POWER" quite equal to the best White-Lead, but, unlike it, WILL NOT CHANGE COLOUR when exposed to Sewer and other Gases. Sulphuretted Hydrogen Gas, which turns White-Lead perfectly black, has no effect whatever upon "GRIFFITHS' PATENT WHITE." It has nearly TWICE THE VOLUME of Lead, and is therefore far more Economical, being practically about half the price. IT WORKS AS FREELY as White-Lead, and combines readily with Colours without injuring their tint.

"GRIFFITHS' PATENT WHITE" contains no Lead in any form, and therefore it can never give rise to "Lead Colic," a disease so fatal to Painters and Makers of White-Lead.

These Paints were strongly recommended at the Meeting of the Social Science Congress, and by the "Times," "Architect," "Builder," "Engineering," "Engineer," Society of Arts, &c.

BEGS to introduce to the notice of his Customers and the Public, his most recent improvement in WRINGING MACHINES in Iron and Wood Frames; and while not claiming to himself any great originality in construction, still, from his long experience of Laundry requirements, and having devoted a considerable amount of time and money towards perfecting those helps for the Washing-

ay, he is confident in saying he can now supply a really efficient Machine at a price which will stand a favourable comparison with the best Makers—English or Scotch.

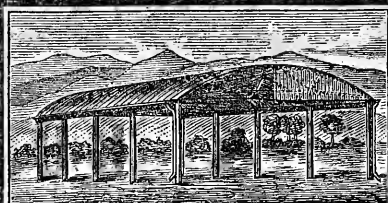

W. M'F. strongly recommends Ironmongers and the Public generally, before selecting their Laundry requisites, to call and see his various appliances, and compare them with other makers.

NATIONAL HONORIFIC REWARDS

FROM MARITIME GOVERNMENTS.

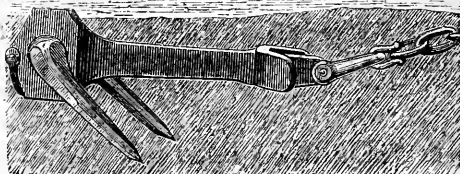

The Only Award for Anchors at the following Universal and International Exhibitions:—		
LONDON, Prize Medal, 1862.	NAPLES, Gold Medal, 1871.	PARIS, Gold Medal, 1875.
PARIS, Silver Medal, 1867.	LIMA, Gold Medal, 1872.	BRUSSELS, Medal of Honour, 1876.
HAVRE, Gold Medal, 1868.	VIENNA, Medal for Merit, 1873.	PHILADELPHIA, Prize Medal, 1876.

MOST IMPORTANT RULE

For using Martin's Patent Self-Canting Anchor on board ships fitted with it.

In letting go "Martin's Anchor" let the Anchor take its cable from the locker, and when **THREE TIMES** the **DEPTH** of water has been paid out, **BOWSE TO**; when the cable is "taut," then veer as much cable as is required.

The Anchor treated in this manner will not only "BITE" the ground **INSTANTANEOUSLY**, but also obtain **CONSIDERABLE HOLDING POWER**.

SIDE VIEW OF THE ANCHOR EMBEDDED INTO THE GROUND WHEN HOLDING.

The SPANISH GOVERNMENT has issued a ROYAL DECREE, dated 7th March, 1879, to the effect "that henceforward the SPANISH NAVY is to be ENTIRELY FITTED with the 'MARTIN'S PATENT ANCHOR' and PATENT ZIG-ZAG CHAIN CABLE, and this Decree is to form part of the LAWS AND REGULATIONS relating to the NAVAL SERVICE."

Tested at the Royal Dockyards, and at Lloyd's Proving Machines, 50 per Cent. over the Admiralty Proof, without Permanent Deflection—a Test unprecedented in Anchor Proving.

Copy of a Letter from his Excellency ADMIRAL HOBART PASHA, Commanding-in-Chief the Turkish Ironclad Fleet in the Bosphorus.

CONSTANTINOPLE, 2nd March, 1877.

DEAR SIR—I have received yours. All the experiments and trials made with your anchor have proved its holding powers to be most excellent. I have the greatest confidence in it, and shall do my utmost to persuade the Ministry of Marine to adopt it in all ships. You may tell his Excellency Musurus Pasha* my opinion, which I do not hesitate to give on all occasions.

Yours truly, (Signed) HOBART.

To CLAUDIUS MARTIN, Esq., 25 Cockspur Street, Pall Mall, London.

* The Turkish Ambassador in London.

Copy of an Official Report of CAPTAIN A. DESPRES, Commander of the Canadian Government s. steamer Napoleon III.

To the Agent of the Department of Marine and Fisheries, Canada.

QUEBEC, 9th November, 1876.

SIR,—I consider it due to you, and to the Inventor of the MARTIN SELF-CANTING ANCHOR, that I should state my experience of its wonderful holding powers, especially as I could hardly believe all you said in its favour when you first recommended it to me, it being such a small Anchor for so large a vessel as the one I command.

On this fall's trip of the "Napoleon III.," to supply the Lighthouses in the Gulf of St. Lawrence and Straits of Belle Isle, while visiting the most dangerous points, we have experienced extraordinarily heavy weather, about fifteen vessels of all sizes being totally wrecked. On the 10th of October, while at anchor at Cape Norman, during a violent gale from the north-west, I had an opportunity, such as I hope never to experience again, and in fact on three occasions this fall I thoroughly tested my MARTIN'S ANCHOR of 15 cwt., and must say it is in my opinion, founded upon an experience of twenty-eight years as a Branch Pilot in the Lower St. Lawrence, using all descriptions of anchors in strong tideways, the best Anchor I have ever used or seen, and I attribute the saving of life and my ship this fall entirely to the MARTIN ANCHOR, and fully corroborate all Captain Connell, of the Manicouagan Light Ship, has reported to you in its favour.

(Signed) A. DESPRES.

Martin's Patent Zig-Zag Chain Cables.

Extraordinary strength; Great Regularity in the Links, hence homogeneous elasticity, and less wear and tear.

REAR-ADMIRAL SIR EDMUND COMMEREILL'S "PATENT SPARE RUDDER."

The advantages are:—Easily shipped in bad weather; inexpensive; easily stowed away; and when in place renders a ship as navigable and seaworthy as with her own rudder.

For Further Particulars, Official Reports, and Records of Trials, apply for one of Mr. Martin's Pamphlets.

C. MARTIN & CO., Patentees and Manufacturers;

And SOLE LICENSEES for the United Kingdom and Abroad for the above "PATENT SPARE RUDDER."

Offices—41 and 42 PARLIAMENT STREET, WESTMINSTER, LONDON.

AGENT—

MR. GEORGE BROWN, 41 ANN STREET (City), GLASGOW.

CAUTION.—Shipowners and Shipbuilders are warned against Piracies on the MARTIN ANCHOR, which are called STOCKLESS, and which have been condemned by the Admiralty and the Trinity House of London, as dangerous and unfit for service. Intending Purchasers should ask to be furnished with Official Reports from those authorities before using such anchors.

All Martin's Anchors are fitted with Double Fishing Tackle, and Stamped with their Registered Trade Mark.

THE "EJECTOR-CONDENSER."

MORTON'S

PATENTS.

The "EJECTOR-CONDENSER" produces a full vacuum without an Air Pump, in all kinds of Steam Engines, and when applied to existing Non-Condensing Engines, gives a saving of 25 to 50 per cent. of fuel, or an equivalent increase of power; and for Winding Engines this is the only safe Condenser in use. The vacuum is constant, whether the engines are at rest or in motion, and many are working with great success. These apparatus, for their saving in fuel alone, pay their own cost in a few months.

THE FIXED DOUBLE NOZZLE AUTOMATIC INJECTORS feed Water of high temperature into Steam Boilers. These Injectors and the WATER LIFTERS are the most simple and efficient apparatus in use for raising and forcing water. *Full information and prices on application.*

GENERAL GRINDING MILLS;

GRAIN ROLLING & COFFEE ROASTING WORKS.
DAVID MINTO,
GRAME STREET.

THE COFFEE PLANT, "*Coffea Arabica*" of Linnæus, is an evergreen, and, as may be inferred from its scientific name, is a native of Arabia. It produces a pulpy berry about the size of a small cherry, inclosing two seeds, which, separated from their pulpy envelope, form the well known Coffee beans of commerce. It may be remarked as a singular fact, in reference to Coffee, that while all of the vegetable kingdom that have been taken under the care of man have been improved, it alone asserts its independence; for although cultivation may greatly enlarge the crop, it as certainly at the same time deteriorates the flavour, and the produce of the wild plant still maintains the highest figure in the market. It is well known that Coffee would be of no real value were it not properly roasted—a process which, as it requires much skill, is only to be acquired by experience. How man became acquainted with the fact that the tasteless seeds of a berry, when roasted, ground, and infused, would form a grateful beverage, will most probably remain a secret to the end of time. That the development of its useful properties depends wholly upon the roasting, is evident. About two hundred years ago Coffee was first introduced into England, since which its consumption has steadily increased, and deservedly so, when its medical properties are considered, it having been found useful in headaches arising from a particular state of the stomach, and much benefit having been derived from its exhibition in cases of asthma.

A French scientific gentleman, who has directed his attention to this subject, says:—"I have found that Coffee is better roasted, and more of the aroma retained, when a double cylinder is used—the air between the interior and exterior cylinders acting as a non-conductor of heat. It is done more uniformly, while the essential oil on which the aroma depends is less liable to be dispersed than when exposed to the fierce heat of a fire in a single cylinder."

In the double rotatory globular method of roasting as practised at Mr. MINTO'S Works, Græme Street, Glasgow, the above principle is acted upon, inasmuch as the globe (which has superseded the cylinder since the application of steam-power to this branch) revolves in a medium of heated air, which, experience has shown, best prevents the dispersion of the essential oil, or aroma.

DUFF'S NON-CONDUCTING COMPOSITION CEMENT.

For covering Marine and Land Steam Boilers, Pipes, Superheaters, & Cylinders.

DUFF'S Preparation for covering Marine Boilers, Superheaters, and Cylinders, is far ahead of any other Cement, more especially in three qualities:—1st. It makes a "Cooler Job" at two inches thick than any other cement does at three inches thick, hence a greater saving in weight (it is of itself lighter than any other cement). 2nd. It is very "Elastic," it stands the rapid expansion and contraction that is sometimes unavoidable without cracking—"A Vital Virtue." 3rd. It is very "Tenacious;" once it gets a hold upon the metal it sticks fast. In other words, it excels, 1st, in Coolness and Lightness; 2nd, in Elasticity; 3rd, in Tenacity.

Marine Engineers please ponder over this!

DUFF'S PREPARATION FOR COVERING LAND BOILERS, PIPES, HOT AIR HEATERS, AND BLASTS, is without doubt far superior to any other covering in the market.

The Sole Manufacturers and Proprietors of these Cements are—

RICHARD'S PATENT STEAM ENGINE INDICATOR.

THIS Indicator can also be used for Testing Safety Valves, and Steam Pressure Gauges on Boilers. How to use it for this purpose:—Fix a Cock on the Boiler to suit the Indicator Cock, which is $\frac{1}{2}$ -Whitworth's Thread; fix the Indicator, then draw the atmospheric line, open the Cock to admit the Steam to the Indicator, draw another line, which is the Steam Pressure line. Measure with the scale the distance between both lines; this distance gives the exact pressure per square inch on the Boiler. Compare the Safety Valve and Pressure Gauge with the diagram thus taken. It can then be ascertained if they are working correctly.

ESTAB. 1853.

ESTAB. 1853.

THE Subscriber begs respectfully to call the attention of the Medical Profession, Ladies' Nurses, and others, to the "UNIVERSAL ABDOMEN AND BACK SUPPORT BELT."

This Belt has been in use for a number of years, and has given the utmost satisfaction, many having been induced to use it through the recommendations of others who had experienced its usefulness.

Its peculiar shape prevents it from shifting, and it is well adapted for an Accouchement Belt. Being laced at both sides, it will fit any shape of body without overpressing any one part. The Belts are made of Silk and Cotton Elastic, with fine Hogskin Mountings, giving great support to the Back.

PRICES:—COTTON, from 15s.; SILK, from 21s.

Parties in the city can be waited upon by an experienced lady, who will take the requisite measurements; those at a distance can obtain a perfect fit by sending an exact measurement, as shown above.

Orders addressed to 98 Canning Street will be attended to.

The many Testimonials which I have received from those who have experienced the beneficial results through their having used it, thus induced me to bring it more fully before the Public.

W. H. would direct the attention of Anglers to his NEW FLEXIBLE-JOINT GREENHEART RODS.

NEW MODEL BREECHLOADER.

SINCE the application of the breech-loading system to sporting weapons, the mechanism for opening and locking the gun has been the subject of numberless inventions and improvements, and in that particular, great excellence has now been attained. Within the last few years considerable attention has been paid to *killing power* and *facility of aiming*. The Hammerless gun, while giving the advantage of an unimpeded view, is objected to as being liable to derangement (as all automatic machines are), and of unfamiliar appearance and handling. Deeming it desirable to produce a gun which should combine a perfectly free view with *simplicity* and *durability* of construction, Mr H. has designed his "NEW MODEL GUN," which is similar in appearance and handling to an ordinary central-fire gun, is no more expensive, and can be made either "double grip," or any of the various "snap actions" as may be preferred. The striking-pin, a weak point in the C.F. gun, is made much stronger than usual; it is *without a spring*, and is so constructed as to work with perfect smoothness and freedom. A drawing of it is shown above.

Of KILLING POWER in a gun the indication is its efficiency in the sportsman's hands. In view of this, Mr H. makes a particular study of suiting the gun to the user's requirements, and holds himself responsible for its performance both at the target and in the field. When extreme closeness of pattern is desired he applies the "choke bore," but in these a successful target test must be held as conclusive. The above double guarantee is based on the system perfected Mr H. about 10 years ago, and called his "New Method of Treating Barrels," the results of which far surpassed anything then obtainable, and for sporting purposes are still unexcelled.
